Another Successful Year! By Julie O'Connell

This years Beaver Dam Creek Cleanup was incredible. With more than 40 volunteers, we were able to tackle the entire creek and surrounding area from Packerland to Hy 41. While planning this event, I was overwhelmed by the support I received from **Sanimax** who provided us with a light breakfast and many volunteers; **Pam Freeman** from GB Public Works Dept who printed posters and flyers for the schools, provided us with pinchers and a truck to haul garbage, and also was on hand to organize the volunteers into groups for the cleanup; and finally **James Andersen** and his staff from GB Parks and Recreation Dept who provided us with buckets, garbage bags, and a last minute port-a-potty. Of course this event would not have been successful without the many wonderful neighbors, many of whom were families that came to support and help out with this event in honor of Earth Week. Thank you to everyone and I hope to see you for next year's Beaver Dam Creek Cleanup!

A message from Green Bay Police Department District Adam Captain Jeremy Muraski:

I wanted to take a minute to write about some concerns we commonly see. First, I want to emphasize that people in the neighborhood should **always** call the police if they see something out of the ordinary (continued...) Second, a number of people ask us about what they can do about suspected drug activity. If you think you have identified drug activity, what should you do about it? First, call in a tip to the Brown County Drug Task Force. Their drug tip line is **(920) 437-DRUG (3784).***
