4. Request by the Glass Nickel Pizza Co. to be exempt from the outdoor patio height regulations at 416 Dousman Street.

There were no objections from the Law and Police Departments.

Atty. Mueller stated that the fence height requirement for an outdoor patio is 6'; however this committee has routinely granted exemptions. It is up to the licensee to ensure alcoholic beverages are not being passed through the fence. If they are action may be taken against the licensee.

Ricardo Peguero, 416 Dousman Street, appeared and stated he is here to represent the Glass Nickel Pizza Company. The patio and fence were built before they became aware of the height requirement. Their fence is 4' in height. There will be video surveillance in place that will help prevent the passing of beverages through the fence. Glass Nickel is also willing to close the patio area at 10:00 p.m. and have security during busier periods. Their company's philosophy is to become involved in the community and they are very willing to work with the Police Department should any problems occur. Currently they are only open for delivery or take-out and will open on April 22 to the public.

Ald. Boyce suggested tape could be placed on the ground outside of the fenced-in area and make it known to people that they are not allowed to enter beyond that point to prevent drinks from being handed over the fence.

A motion was made by Ald. Brunette and seconded by Ald. Tim De Wane to approve the request by the Glass Nickel Pizza Co. to be exempt from the outdoor patio height regulations at 416 Dousman Street. Motion carried.
