Developer shall demonstrate to the reasonable satisfaction of the City and RDA the Developer's qualification and need for TIF, both in terms of Qualified Expenditures and the amount of money to be paid to Developer.

4.2 **Nature of TIF Incentive.** The TIF Incentive available to Developer under this Agreement is a pay-as-you-go (PAYGO) obligation of the City, that is, Developer shall be responsible to incur and pay all of the upfront costs of the Project and, to the extent TID revenues are sufficient to the limits of the TID and this Agreement, Qualified Expenditures shall be reimbursed to Developer as set forth in this Section IV.

4.3 **Limitations of Payment of TIF Incentive.** The TIF Incentive available to Developer for the Project is limited as follows:

a. **Temporal Limitation.** Provided Developer qualifies for TIF Incentive and provides adequate proof to the City and RDA that Developer has incurred and paid Qualified Expenditures, TIF Incentive payments shall be made within thirty (30) days after Developer has paid the real estate taxes and any Special Assessments and Special Charges in full for the previous tax year, provided, however, in no event shall TIF Incentive payments continue after the earlier of termination date of the TID and the termination of this Agreement before the termination of the TID, because of an Event of Default by Developer.

(2) **Formula Limitation.** TIF Incentive payments will equal 75% of Available Tax Increment, commencing the first year after the first occupancy permit for the Project has been issued, and will be payable to Developer in the year following the year of the determination, after Developer has provided proof to the City of the full payment of the real estate taxes, special assessments and special charges against the Real Estate for the previous year. For example, if the first occupancy permit is issued on September 1, 2016, the TIF Increment would be determined as of January 1, 2017 and is first payable in 2018. Assessed value shall be determined each tax year and shall be compared to the assessed value of the Tax Incremental Base.

(3) **Tax Receipts Limitation.** Only the Available Tax Increment actually received by the City, and no other property, revenue, or asset of the City, shall be used to pay TIF Incentives.

Funds in the special fund of the District attributable to the Available Tax Increments shall not be used to pay any other project costs of the TID until the City has applied to the payment due hereunder of the TIF Incentive payment. The City shall take no action to dissolve the TID before payment of all TIF Incentive payments due to the Developer, subject to the provisions of this Agreement. In no circumstances shall amounts to be paid Developer hereunder be considered an indebtedness of the City, and the obligation of the City hereunder is limited to the Available Tax Increment appropriated and received by the City.
