- C. "Available Tax Increment" means the amount of Tax Increment (as defined below) actually received by the City generated by any increase of value of the Property above the base value and attributable to development within a tax incremental finance district, during the twelve (12) month period preceding a payment date, that has not been previously used to make payment on bonds or other obligations as determined by the City. The amount of Available Tax Increment may fluctuate based on variations in the property valuations, tax rate, depreciation and other independent factors.
- D. "City" means the City of Green Bay, Brown County, Wisconsin.
- E. "Concept Plan" means the plan for the Project.
- F. "Developer" means HISTORIC RESTORATIONS, LLC, or any assignee of the same.
- G. "Plans and Specifications" means the plans and specifications developed for the Project.
- H. "Public Improvements" means the public infrastructure improvements in connection with the Project including, without limitation, all road improvements, grading, engineering, landscaping, erosion control, sanitary sewer, storm sewer and potable water and wastewater mains and laterals, natural gas, high speed cable, telephone, electrical power and other public utilities.

- O. "Tax Increment" means that amount obtained by multiplying the total county, city, school and other local general property taxes levied on all taxable property within a TID in a year by a fraction having as a numerator the value increment for that year in the district and as a denominator that year's equalized value of all taxable property in the TID.
- P. "TID" means Tax Increment District No. Five (5) of the City of Green Bay, which has been established and is in good standing by the City of Green Bay, Wisconsin.

- Q. "TIF" means Tax Increment Financing, as described in Section III below and in particular, Tax Increment Financing relating to the TID.
- R. "TIF Incentive" means a pay-as-you-go obligation that shall not exceed fifty percent (50%) of the Available Tax Increment for the Property as set forth in Section III of this Agreement.

### III. TAX INCREMENT FINANCING

- A. Qualification for TIF. Before commencement of the Project, Developer shall demonstrate to the satisfaction of City and RDA a need for TIF, with such determination to be made according to the "but for" test, that is, that but for the City and RDA providing TIF, the Project would not happen. At the request of the City or RDA, Developer shall provide an independent analysis from a consultant expert in TIF to justify to the satisfaction of the City and RDA the Developer's qualification and need for TIF, both in terms of Qualified Expenditures and the amount of money to be paid to Developer.
- B. Nature of TIF Incentive. The TIF Incentive available to Developer under this Agreement is a pay-as-you-go (PayGo) obligation of the City, that is, Developer shall be responsible to incur and pay all of the upfront costs of the Project and, to the extent TID revenues are sufficient to the limits of the TID and this Agreement, Qualified Expenditures shall be reimbursed to Developer as set forth in this Section IV.
- C. Formula. TIF Increment will be calculated according to the assessed value multiplied by the mill rate, less payments of real estate taxes to the State of Wisconsin. TIF Incentive payments will be based on the difference between the assessed value of the Property in the year before commencement of the Project and the assessed value of the Property as of January 1 of each year, commencing the first year after the first occupancy permit for the Project has been issued, and will be payable to Developer in the year following the year of the determination, after Developer has provided proof to the City of the full payment of the real estate taxes, special assessments and special charges against the Real Estate for the previous year. For example, if the first occupancy permit is issued on September 1, 2017, the TIF Increment would be determined as of January 1, 2018 and is first payable in 2019. Assessed value shall be determined each tax year and shall be compared to the assessed value of the Property in the year construction of the First Phase begins.
- D. Limitations. The TIF Incentive available to Developer for the Project is limited as follows:
  - 1. Monetary Limitation. The TIF Incentive in any year shall not exceed fifty percent (50%) of the Available Tax Increment for the Property.
  - 2. Tax Receipts Limitation. Only the Available Tax Increment actually received by the City, and no other property, revenue, or asset of the City, shall be used to pay such amounts.
  - 3. Temporal Limitation. Provided Developer qualifies for TIF Incentive and provides adequate proof to the City and RDA that Developer has incurred and paid Qualified

Expenditures, TIF Incentive payments shall be made within thirty (30) days after Developer has paid the real estate taxes and any Special Assessments and Special Charges in full for the previous tax year, provided, however, in no event shall TIF Incentive payments continue after the earlier of termination date of the TID, or the termination of this Agreement if before the termination of the TID. TIF payments shall only continue for a period of no longer than ten (10) years after the date of execution of this Agreement and therefore shall terminate at the end of tax year 2026.

- E. No General Obligation of City. The City's obligation to make TIF Incentive payments shall be a special and limited obligation only and shall not be considered a general obligation of the City, and neither the full faith and credit nor the taxing powers of the City are pledged to the payment of such amounts. The City shall take no action to dissolve the TID before payment of all TIF Incentive payments due to the Developer, subject to the provisions of this Agreement. In no circumstances shall amounts to be paid Developer hereunder be considered an indebtedness of the City, and the obligation of the City hereunder is limited to the Available Tax Increment appropriated and received by the City. Amounts due hereunder shall not count against the City's constitutional debt limitation, and no taxes will be levied for its payment or pledged to its payment other than from the Available Tax Increment.

#### IV. OBLIGATIONS OF DEVELOPER

- A. Development of Concept Plan. The parties shall work cooperatively to develop and approve a Concept Plan, which shall be based on, but may differ in certain respects from the Preliminary Concept Plan. The RDA or Developer may at any time propose modifications to the Preliminary Concept Plan and the approved Concept Plan subject to the agreement of the RDA and the Developer. All site and building plans are subject to review and approval by the City for compliance with federal, state and municipal code requirements. At any time during the implementation of the development contemplated by this Agreement, Developer may submit to the RDA proposed revisions in the approved Concept Plan in order to enhance the achievement of the objectives of this Agreement and to improve and refine the approved Concept Plan. The RDA shall indicate its approval or further requirements in writing within thirty (30) days from the date of receipt of the proposed revisions in the Concept Plan; provided, however, that the RDA shall approve such revised Concept Plan unless it determines such revisions would impair the objectives of this Agreement, impose substantial financial burdens on the City or the RDA, or adversely affect the Concept Plan. The RDA will make all reasonable efforts to determine the acceptability of plans in less than thirty (30) days, including convening for special meetings to review and consider such plans.
- B. Development Budget. Developer shall submit to the City and RDA a Development Budget that shall be approved within the City and RDA's discretion, no later than October 1, 2016. The Development Budget shall include at least a ten percent (10%) cost overrun/change order line item. The Development Budget shall include not less than \$500,000.00 in "hard" construction costs. Design Development Documents shall consist of site plans and building

plans or other drawings and other documents that fix and describe the size and character of the entire development project as to structural, mechanical and electrical systems, materials and other such essentials as may be determined by the RDA to be appropriate. The RDA may approve, disapprove or impose further requirements with respect to the Development Budget and Design Development Documents, provided, however, that if the Development Budget and Design Development Documents conform with the Concept Plan, such approval may not unreasonably be withheld. If the Development Budget and Design Development Documents are not acted upon by the RDA within thirty (30) days of the date of submission, they shall be deemed approved. The RDA will make all reasonable efforts to determine the acceptability of the Development Budget and Design Development Documents in less than thirty (30) days, including convening for special meetings to review and consider the same.

- C. Proof of Equity. Developer shall have in place and shall provide the City and RDA no later than October 1, 2016, proof of equity in the form of the value of the Property, less any mortgages thereon, plus funds on hand and not less than twenty percent 20% cash equity available for injection into the Project in an amount sufficient to cover all Project costs, which shall not be provided to any third party sources. Any available Developer funds obtained from sources other than lenders or the City shall be expended on the Project before any lender or City funds are expended or any third party financing is used to pay Project costs.
- D. Proof of Financing. By no later than October 1, 2016, Developer shall have delivered proof satisfactory to the City and RDA of financing, which after injection of the Developer equity into the Project, will be sufficient in the determination of the City and RDA, to complete the Project according to the plans and specifications.
- E. Acquisition of Property. By no later than November 1, 2016, Developer shall have closed on the purchase of all of the parcels comprising the Property and all of the necessary rights of way required for the Project. Developer shall provide copies of deeds and such other closing documents as requested by the City or RDA regarding the purchase of the Property and rights of way. The Property and rights of way shall be owned in the name of the Developer.
- F. Termination or Relocation of Easements. Developer shall have agreements with all holders of easements or any other rights that may be affected by the Project, regarding the termination, modification or relocation of such easements and other rights in order to accommodate the Concept Plan.
- G. Certified Survey Map. Promptly after the Property has been acquired by Developer, Developer shall cause a certified survey map to be prepared, approved by the City, RDA, and any other party whose consent is required, and shall cause the certified survey map to be recorded with the Brown County Register of Deeds.
- H. Use of Funds. Developer may use TIF supported funds only to fund Qualified Expenses as set forth in the approved Development Budget.

- I. Improvement of Property. Developer shall promptly design and complete the Project. Substantial work on the Project shall commence no later than thirty (30) days after the last to occur of approval by the City and RDA of the Preliminary Concept Plan, approval by RDA of the Development Budget and Development Plans, and/or issuance of a building permit and all other permits or licenses required to commence construction, which shall be no later than November 1, 2016, and shall be completed no later than November 1, 2018. Developer shall file with the RDA copies of the detailed construction plans within thirty (30) days after completion of the Project.
- J. Compliance with Planning; Zoning; Permits and Use. Developer will obtain from the City and all other appropriate governmental bodies (and all other councils, boards, and parties having a right to control, permit, approve, or consent to the development and use of the Property) all approvals and consents necessary to develop and use the Property as set forth above. Developer shall pay all water, sewer, and other impact fees that may be due and payable in connection with the Project. The acceptance of this Agreement and granting of any and all approvals, licenses, and permits by the City shall not obligate the City to grant any variances, exceptions, or conditional use grants, or approve any building or use the City determines not to be in compliance with the municipal codes and ordinances of the City, or in the best interests of the City or the RDA.
- K. Approval of Construction Documents. Before the commencement of construction, Developer shall obtain the approval of the City and RDA to the architect contract and general contract for the Project.
- L. Reports and Information. During the period before the commencement of construction, Developer shall from time to time provide to the RDA information having a bearing upon the Property, the Project, material developments in marketing, sale and leasing relating to the Project, and any other material matters pertaining to the interests of the City and the RDA in the Property or under this Agreement. Developer shall file with the RDA quarterly progress reports during the course of construction. Developer shall provide RDA with a copy of annual, audited financial statements for Developer through termination of this Agreement.
- M. Copies of Documents. All documents from Developer to the City or RDA shall be submitted in triplicate.
- N. Maintenance and Repair. Developer shall at all times keep and maintain, or cause to be kept and maintained, the Property in good condition and repair, in a safe, clean, and attractive condition, and free of all trash, litter, refuse, and waste, subject only to demolition and construction activities contemplated by this Agreement.
- O. Transfer of Sale of Project Property.
  1. Notice of Intent to Transfer. If Developer intends to sell, transfer or convey the Property or any part thereof before termination of this Agreement, Developer shall

provide to the City a written request for transfer 30 days prior to the anticipated transfer. The City may deny the request for any commercially reasonable reason. Developer may assign all rights and obligations under this Agreement only to an entity controlled and affiliated with Developer to own, manage and operate the Property. This Agreement inures to the benefit and becomes the obligation of the heirs, successors and assigns of Developer. This Agreement shall run with the land and shall be binding upon all current and future owners of the Property. Owner shall not be required to provide the City with written notice of its intent to transfer in connection with the granting of any mortgage or security agreement to finance or refinance loans for the purchase of the Property or payment of costs of the Project.

2. No Transfer to Exempt Entities. Prior to the closure of TID No. Five (5), the Property shall not be sold, transferred or conveyed to, leased or owned by any entity or used in any manner that would render any part of the Project Property exempt from taxation, unless the purchaser, transferee, lessee or owner first executes a written agreement with the City in a form satisfactory to the City providing for acceptable payments to the City in lieu of taxes.
- P. Easements. Developer shall grant to the City such easements as are reasonably necessary for public improvements, infrastructure, ingress or egress, utilities, lighting or landscaping or any other access necessary to effectuate this Agreement. Developer shall cause existing easements to be relocated or terminated to accommodate the Project.

Q. Environmental.

1. Presence of Hazardous Materials and Compliance with Environmental Laws. Before commencement of the First Phase, Developer shall be satisfied, through such means as are commercially reasonable, that the Property is free of Hazardous Materials or that any Hazardous Materials on or within the Property are being stored and handled in strict compliance with all Environmental Laws. Developer shall provide the City and RDA with copies of all environmental reports pertaining to the Property no later than ten (10) days after receiving the same.
2. Developer's Environmental Indemnification. Developer shall indemnify, pay on behalf of, defend and hold the City, the RDA, and their respective agents, officials, employees, representatives, successors and assigns, harmless from and against any loss, damage, claim, fine, penalty, assessment, liability, or other charge or claim, and all costs (including, without limitation, reasonable legal, accounting, consulting, engineering, and similar expenses incurred with respect to such matter and/or incurred in enforcing this indemnity):
  - a) Arising from the actual existence, treatment, deposit, release, storage, or disposal of any Hazardous Materials on, within or about the Property; or
  - b) Arising from the breach of any warranty, covenant or representation of Developer to the City or RDA, or any other obligation of Developer to the City or RDA regarding Hazardous Materials under this Agreement.
3. Hazardous Materials Defined. As used herein, the term "Hazardous Materials" means:
  - a) Hazardous wastes, hazardous substances, hazardous constituents, toxic substances or related materials, whether solids, liquids or gases, including but not limited to substances defined as "hazardous wastes," "hazardous substances," "toxic substances," "pollutants," "contaminants," "radioactive materials," or other similar designations in, or otherwise subject to regulation under, the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, 42 U.S.C. 9601 et seq.; the Toxic Substance Control Act, 15 U.S.C. 2601 et seq.; the Hazardous Materials Transportation Act, 49 U.S.C. 1802; the Resource Conservation and Recovery Act, 42 U.S.C. 9601. et seq.; the Clean Water Act, 33 U.S.C. 1251; the Safe Drinking Water Act, 42 U.S.C. 300f et seq.; the Clean Air Act, 42 U.S.C. 7401 et seq.; and in any permits, licenses, approvals, plans, rules, regulations or ordinances adopted, or other criteria and guidelines promulgated pursuant to the preceding laws or other similar federal, state or local laws, regulations, rules or ordinances now or hereafter in effect relating to environmental matters (collectively, "Environmental Laws"); and

- b) Any other substances, constituents or wastes subject to any applicable federal, state or local law, regulation or ordinance, including any Environmental Law, now or hereafter in effect, including but not limited to: petroleum, refined petroleum products, waste oil, waste aviation or motor vehicle fuel, and asbestos containing materials.

4. Survival. The provisions of this Section shall survive the conveyance to Developer of any City and/or RDA Property.

R. Insurance. Before commencement of construction activities on the Property, Developer shall deliver to the City and RDA certificates of insurance, copies of endorsements, and other evidence of insurance requested by the City or RDA, which Developer is required to purchase and maintain, or cause to be purchased or obtained, in the types and amounts of coverage listed below, each of which shall name the City and RDA as additional insured parties:

1. Workers Compensation and Related Coverage. Coverage for state and federal workers compensation shall be defined by state and federal statute. The amounts of employer's liability coverage shall be in not less than the following limits:

- a) Bodily Injury by Accident - \$100,000 per accident;
- b) Bodily Injury by Disease - \$100,000 per employee; and
- c) \$500,000 policy limit.

2. Comprehensive General Liability Insurance. Coverage shall be written on a commercial general liability form, and shall protect Developer and any subcontractor during the performance of work covered by this Agreement from claims or damages for personal injury, including accidental death, as well as claims for property damages which may arise from operation under this Agreement, whether such operations be by Developer, any subcontractor, or anyone directly or indirectly employed by either of them in such manner as to impose liability on the City or RDA. The amounts of such insurance shall be not less than the following limits:

- a) General Aggregate Limit - \$2,000,000; Personal and Advertising Injury Limit (per person/organization) - \$2,000,000;
- b) Bodily Injury and Property Damage - \$2,000,000 per occurrence;
- c) Fire Legal Liability Damage Limit - \$100,000 per occurrence; and
- d) Medical Expense Limit - \$10,000 per person.

3. Comprehensive Automobile Liability and Property Damage. Coverage shall protect Developer and any subcontractor during the performance of work covered by this Agreement from claims or damages associated with operations of owned, hired, and

non- owned motor vehicles. The amounts of such insurance shall be not less than the following limits:

- a) Bodily Injury - \$250,000 per person; and
  - b) \$1,000,000 per occurrence; and Property Damage - \$250,000 per occurrence.
4. Umbrella Coverage. Coverage shall protect Developer and any subcontractor during the performance of work covered by this Agreement with limits of \$1,000,000 for bodily injury, personal injury, and property damage on a combined basis with the stated underlying limits of Paragraphs 1 to 3 above.
  5. Builder's Risk Insurance. Before commencing construction of any improvements on the Property and during any construction activities contemplated by this Agreement, Developer shall obtain and keep in full force and effect and all builders risk insurance policy for all portions of the Property with coverage equal to the total amount of the construction contracts for all such construction activities. Nothing in this Agreement is intended to relieve Developer of its obligation to perform under this Agreement and, in the event of loss, Developer shall use the proceeds of such insurance to promptly reconstruct the damaged or lost improvements.
  6. Fire and Casualty Insurance. Developer shall obtain and keep in full force adequate fire and casualty insurance with coverage in an amount equal to the assessed value of such improvements. In the event of loss the Developer shall use the proceeds of such insurance to promptly reconstruct the damaged or lost improvements.

S. General Indemnity.

1. Protection Against Losses. Developer shall indemnify, defend and hold harmless the City, RDA, and their respective officers, employees, agents, attorneys, insurers and the successors and assigns of all of the foregoing, from any and all liabilities, claims, losses, damages, judgments or awards, costs or expenses, including reasonable attorneys' fees, of whatsoever nature and by whomsoever asserted, whether asserted by a third party or by a party to this Agreement (hereinafter "Losses"), directly or indirectly, arising out of, resulting from or in any way connected with:
  - a) Any breach by Developer of the terms of this Agreement;
  - b) Any non-compliance with laws, ordinances, rules or regulations applicable to Developer's obligations under this Agreement; or
  - c) Any governmental, regulatory or other proceedings to the extent any such proceedings result from Developer's failure to comply with its obligations under this Agreement or otherwise.

2. Indemnification Procedures. Developer shall promptly assume full and complete responsibility for the investigation, defense, compromise and settlement of any claim, suit or action arising out of or relating to the indemnified matters following written notice thereof from the City or RDA, which notice shall be given by the City or RDA within ten (10) days of their knowledge of such claim, suit or action. Failure to provide such timely notice shall not eliminate Developer's indemnification obligations to the City and RDA unless, and only to the extent to which, such failure has substantially prejudiced Developer. Notwithstanding the foregoing, in its sole discretion and at its expense, the City and RDA may participate in or defend or prosecute, through their own counsel(s), any claim suit or action for which either of them is entitled to indemnification by Developer; provided, however, that if the City or RDA is advised in writing by its legal counsel that there is a conflict between the positions of Developer and City or RDA, as appropriate, in conducting the defense of such action or that there are legal defenses available to the City or RDA different from or in addition to those available to Developer, then counsel for the City or RDA, at Developer's expense, shall be entitled to conduct the defense only to the extent necessary to protect the interests of the City or RDA. Developer shall not enter into any compromise or settlement without the prior written consent of the City or RDA, as appropriate, which consent shall not be unreasonably withheld. The absence of a complete and general release of all claims against the City or RDA shall be reasonable grounds for the City or RDA to refuse to provide written consent to a compromise or settlement. If Developer does not assume the defense of such claim, suit or action, Developer shall reimburse the City and RDA for the reasonable fees and expenses of counsel(s) retained by the City and by RDA, and shall be bound by the results obtained by the City and RDA; provided, however, that no such claim, suit or action shall be settled without Developer's prior written consent, which consent shall not be unreasonably withheld. The absence of a complete and general release of all claims against Developer shall be reasonable grounds for Developer to refuse to provide written consent to a compromise or settlement.

## V. CONDITIONS PRECEDENT TO OBLIGATIONS OF CITY

- C. Compliance with Zoning. The Property now conforms and will continue to conform at all times and in all respects with applicable zoning and land division laws, rules, regulations and ordinances.
- D. Payment. Developer shall pay for all work performed or materials furnished for the Project when and as the same become due and payable. Developer shall not suffer any construction or other involuntary lien to be imposed upon the Property, except for liens for claims to payment that are subject to a bona fide dispute, and, in that case, such liens shall be removed by Developer posting bond or other security, paying one hundred and twenty percent (120%) of the lien claimed into court, escrowing funds or promptly taking other steps to remove the lien of record. Developer shall pay all other obligations relating to the

Project, including all creditors holding liens or mortgages against the Property when and as the same become due. Developer will pay all taxes and assessments levied against the Property when and as the same become due.

- E. Certification of Facts. No statement of fact by Developer contained in this Agreement and no statement of fact furnished or to be furnished by Developer to the City or RDA pursuant to this Agreement contains or will contain any untrue statement of a material fact or omits or will omit to state a material fact necessary in order to make the statements herein or therein contained not misleading.

- H. No Conflict. The execution, delivery, and performance of the obligations of Developer pursuant to this Agreement will not violate or conflict with the Articles of Organization or Operating Agreement of Developer or any indenture, instrument or material agreement by which Developer is bound, nor will the execution, delivery, or performance of obligations of Developer pursuant to this Agreement violate or conflict with any law applicable to Developer.
- I. No Litigation. There is no litigation or proceeding pending or threatened against or affecting Developer or the Property that would adversely affect the Project, Developer or the priority or enforceability of this Agreement, the ability of Developer to complete the Project or the ability of Developer to perform its obligations under this Agreement.
- J. No Default. No default, or event that with the giving of notice or lapse of time or both would be a default, exists under this Agreement, and Developer is not in default (beyond any applicable period of grace) of any of its obligations under any other material agreement or instrument to which Developer is a party or an obligor.
- K. Compliance with Laws and Codes. The Project, when completed, will conform and comply in all respects with all applicable laws, rules, regulations and ordinances, including without limitation, all building codes and ordinances of the City. Developer will comply with, and will cause the Project to be in compliance with all applicable federal, state, local and other laws, rules, regulations and ordinances, including without limitation, all environmental laws, rules, regulations and ordinances.

- L. Fees or Commissions. Neither the City nor RDA shall be liable for any broker fees or commissions incurred by Developer in connection with the Property or any transactions contemplated by this Agreement.

## VIII. DEFAULT

- A. Developer Default. Each of the following shall be an Event of Default by Developer:

1. Failure to Make Payment. Developer fails to make any payment required and such failure continues for a period of ten (10) days after its due date;
2. Failure to Abide by Other Terms. Developer fails to perform any other of its obligations under this Agreement and such failure continues for a period of thirty (30) days from the date of notice from the City or RDA; provided, however, if such cure cannot reasonably be accomplished within such thirty days and the delay in cure does not materially impair the financial interests of the City or RDA, and if Developer promptly commences cure within the initial thirty days and diligently pursues cure thereafter, Developer shall have a reasonable time, not to exceed sixty (60) days after the initial thirty (30) days, for a total of ninety (90) days to cure;
3. Misrepresentation. Any representation or warranty of Developer in this Agreement or any agreement contemplated by this Agreement is untrue in any material respect;
4. Fraud and Other Illicit Behavior. Developer or any of its members is convicted of, pleads no contest to, or enters into any other agreement other than a dismissal with no conditions as to any allegation of:
  - a) Fraud; or
  - b) Indecent or illicit behavior that in the determination of the City or RDA would threaten the reputation of Developer or its ability to complete the Project according to the requirements of this Agreement;
5. Insolvency. - C. City or RDA Default. Developer shall have all rights and remedies available under law or equity with respect to any failure of the City and/or RDA to perform their obligations under this Agreement, but only after providing the City and RDA notice of such default and a failure by the City and/or RDA to commence attempts to cure such default within the thirty (30) day notice period. If the City and/or RDA, as appropriate, commences cure within the thirty day notice period and thereafter reasonably and continuously takes action to complete such cure, then the failure to perform shall not be an Event of Default.
- D. Limitation of Damages. The foregoing notwithstanding, none of the parties shall be liable to any other party for any incidental, consequential, indirect, punitive or exemplary damages. All claims and damages asserted against the City or RDA shall be subject to statutory protections of municipalities and their officials and employees, including the immunity and limitations set forth in §893.80 Wis. - F. Remedies Cumulative. Except as expressly provided otherwise in this Agreement, the rights and remedies of the parties to this Agreement, whether provided by law or by this Agreement, shall be cumulative, and the exercise by any party of any one or more of such remedies shall not preclude the exercise of it, at the same or different times, of any other such remedies for any other default or breach by any other party.

This Term Sheet is made this 17<sup>th</sup> day of August, 2016,  
by THE CITY OF GREEN BAY, a Wisconsin municipal corporation (“City”),  
THE REDEVELOPMENT AUTHORITY OF THE CITY OF GREEN BAY (“RDA”),  
and GB REAL ESTATE INVESTMENTS, LLC, a Wisconsin limited liability company (“Developer”).

RECITALS

- I. Developer has proposed to acquire and develop certain real property, identified for real estate tax purposes and address as:

<u>Tax Parcel</u>	<u>Address</u>	<u>Acres</u>
12-351	202 Cherry Street, Condominium Unit One (1)	n/a
12-352	202 Cherry Street, Condominium Unit Two (2)	n/a

- J. The parcels listed above shall be referred to as the “Property.” The Property is part of the Cherry Street Parking Ramp Condominium, which contains six (6) total units, comprising approximately 1.159 acres of land. A legal description of the Property is herein attached as EXHIBIT A. The Developer will request that the Cherry Street Ramp Condominium Association create an additional condominium unit, which will become the new Property in which the Project will be completed.
- K. Developer intends to complete a Project that involves constructing a two-story residential apartment complex above the top deck of the Cherry Street Parking Ramp. Seventy-one (71) market-rate apartments will be a mix of one (1), two (2), and three (3)-bedroom units arranged around the exterior of the building, with two interior courtyards. Access will be provided via an extension of the northeast elevator shaft and two new stairwells connected to the top parking deck. The Developer will lease one hundred twenty two (122) parking stalls on the top deck through an agreement with the City. All Project improvements shall be complementary to existing uses on adjacent properties. The Proposed Project improvements are shown on a Preliminary Concept Plan, which is herein attached as EXHIBIT B.
- L. The Property has a 2016 assessed value of \$0 which yielded \$0 to the City based on the mill rate in effect as of January 1, 2016, less real estate taxes payable to the State of Wisconsin. Upon completion of Proposed Project, Developer estimates the aggregate assessed property value of the Property to be \$8,500,000, which is anticipated to yield \$188,020 to the City based on the mill rate in effect as of January 1, 2016, less real estate taxes payable to the State of Wisconsin.
- M. Pursuant to the provisions of §66.1105, Wis. Stats. (the “Tax Increment Law”), the City has included the Property within Tax Increment District No. Five (5) (the “TID”).
- N. Developer has requested Tax Incremental Finance (“TIF”) assistance from the City and RDA with regard to certain expenses, including, but not limited to remodeling, repair or

reconstruction of existing buildings; construction of new buildings; or the construction of public works infrastructure, which will constitute qualified expenditures for which TIF assistance may be afforded Developer.

- O. The City and RDA desire to have Developer perform the Project in order to generate economic activity and tax base for the community consistent with the City Comprehensive Plan.
- P. In order to induce Developer to undertake the Project, such that additional property tax base will be generated, additional residents will be added to the downtown market trade area, additional development will be encouraged, and the public will generally benefit; the parties shall work in good faith to negotiate and execute definitive agreements, including a Development Agreement, by November 1, 2016. The Development Agreement will contain terms consistent with this Term Sheet to the extent such terms are not modified through future reviews and approvals, as well as other terms, representations and warranties typical of comprehensive development agreements. If the parties have not executed and delivered a Development Agreement by November 1, 2016, any party may terminate negotiations without liability to any other party.

#### XI. TAX INCREMENT FINANCING

- A. Qualification for TIF. Developer shall demonstrate to the satisfaction of City and RDA a need for TIF, with such determination to be made according to the “but for” test, that is, that but for the City and RDA providing TIF, the Project would not happen. At the request of the City or RDA, Developer shall provide an independent analysis from a consultant expert in TIF to justify to the satisfaction of the City and RDA the Developer’s qualification and need for TIF, both in terms of Qualified Expenditures and the amount of money to be paid to Developer.
- B. Nature of TIF Incentive. The TIF Incentive available to Developer under this Agreement is a pay-as-you-go (PayGo) obligation of the City, that is, Developer shall be responsible to incur and pay all of the upfront costs of the Project and, to the extent TID revenues are sufficient to the limits of the TID and this Agreement, Qualified Expenditures shall be reimbursed to Developer.
- C. Formula. TIF Increment will be calculated according to the assessed value multiplied by the mill rate, less payments of real estate taxes to the State of Wisconsin. TIF Incentive payments will be based on the difference between the assessed value of the Property in the year before commencement of the Project and the assessed value of the Property as of January 1 of each year, commencing the first year after the first occupancy permit for the Project has been issued, and will be payable to Developer in the year following the year of the determination, after Developer has provided proof to the City of the full payment of the real estate taxes, special assessments and special charges against the Real Estate for the previous year. For example, if the first occupancy permit is issued on November 1, 2017, the TIF Increment would be determined as of January 1, 2018 and is first payable in 2019.

Assessed value shall be determined each tax year and shall be compared to the assessed value of the Property in the year construction begins.

D. Limitations. The TIF Incentive available to Developer for the Project is limited as follows:

1. Monetary Limitation. The TIF Incentive in any year shall not exceed eighty percent (80%) of the Available Tax Increment for the Property.
2. Tax Incentive Cap. The City shall not be obligated to pay TIF Incentive in excess of the total amount of Qualified Expenses incurred and paid by Developer.
3. Tax Receipts Limitation. Only the Available Tax Increment actually received by the City, and no other property, revenue, or asset of the City, shall be used to pay such amounts.
4. Temporal Limitation. Provided Developer qualifies for TIF Incentive and provides adequate proof to the City and RDA that Developer has incurred and paid Qualified Expenditures, TIF Incentive payments shall be made within thirty (30) days after Developer has paid the real estate taxes and any Special Assessments and Special Charges in full for the previous tax year, provided, however, in no event shall TIF Incentive payments continue after the earlier of termination date of the TID or the termination of this Agreement if before the termination of the TID. The Developer requests that the City ask the Joint Review Board (JRB) to extend the termination of TID No. Five (5) from 2026 to 2030.

E. No General Obligation of City. The City's obligation to make TIF Incentive payments shall be a special and limited obligation only and shall not be considered a general obligation of the City, and neither the full faith and credit nor the taxing powers of the City are pledged to the payment of such amounts. The City shall take no action to dissolve the TID before payment of all TIF Incentive payments due to the Developer, subject to the provisions of this Agreement. In no circumstances shall amounts to be paid Developer hereunder be considered an indebtedness of the City, and the obligation of the City hereunder is limited to the Available Tax Increment appropriated and received by the City. Amounts due hereunder shall not count against the City's constitutional debt limitation, and no taxes will be levied for its payment or pledged to its payment other than from the Available Tax Increment.

## TRANSFER AGREEMENT

THIS TRANSFER AGREEMENT ("Agreement"), is made and entered into by and between the Village of Ashwaubenon, a municipal corporation ("Village") and the City of Green Bay, a municipal corporation ("City") as of the date this Agreement is fully executed.

WHEREAS, the Village seeks to support the Tiletown District as identified in the Tiletown master plan and comprising approximately thirty-four (34) acres immediately West of Lambeau Field (“Tiletown District”); and

WHEREAS, the Village and the City are both municipal corporations entitled to issue a pre-determined number of allocated “Class B” regular combination licenses and “Class B” reserve combination licenses pursuant to the quota system established by Wis. Stat. § 125.51; and

WHEREAS, Village has met its quota of allocated “Class B” regular combination licenses and “Class B” reserve combination licenses, and as a result, has no further “Class B” combination licenses available to applicants intending to locate in the Tiletown District; and

WHEREAS, City has not yet met its quota of allocated “Class B” regular combination licenses and “Class B” reserve combination licenses; and

WHEREAS, pursuant to Wis. Stat. § 125.51(4)(e), a municipality may transfer its allocated “Class B” reserve combination licenses to another municipality under certain conditions, provided that certain distance and pricing restrictions are met; and

WHEREAS, the Village is contiguous to the City; and

WHEREAS, Village desires to use three (3) “Class B” reserve combination licenses from the City for use in the Tiletown District; and

WHEREAS, City wishes to transfer three (3) of its allocated “Class B” reserve combination licenses to the Village for use in the Tiletown District on the terms and conditions hereinafter set forth.

NOW, THEREFORE, FOR GOOD AND VALUABLE CONSIDERATION, the receipt and sufficiency of which is hereby acknowledged, the parties hereto agree as follows:

1. Licenses. The City agrees to transfer to the Village on the terms hereinafter stated, three (3) “Class B” reserve combination licenses, (hereinafter individually referred to as “License” and collectively referred to as “Licenses”). The parties agree that the Licenses are being transferred by the City to the Village for the sole purpose of supporting the creation of the Tiletown District and as such, may only be used at a location in the Tiletown District. The Village further acknowledges and agrees that the Licenses will be in excess of its allotted quota as set by Wisconsin Statutes and that all requirements of state law shall apply to issuance of the Licenses.

2. Compensation. The total transfer fee to be paid by the Village to the City for the Licenses is the amount of Ten Thousand Dollars (\$10,000.00) per License for a total transfer fee of Thirty Thousand Dollars (\$30,000.00) (“Transfer Fee”). The Transfer Fee shall be paid in a form acceptable to the City and shall be paid immediately upon

issuance of each License by the Village. As additional compensation, the parties agree that Village shall pay to the City a total of Five Hundred Dollars (\$500.00) per year per issued License, or any other amount established by statute, once the City has exhausted its then-available quota of allocated "Class B" liquor licenses and "Class B" reserve liquor licenses ("Additional Compensation"). The Village agrees that the Additional Compensation represents a fair and equitable assessment of lost revenue which the City would have been entitled to but-for this Agreement. Additional Compensation shall be paid unless and until this Agreement is revoked as provided herein.

3. Revocation. The Village hereby agrees that the Village shall not issue any License to any business and/or establishment owned or operated in the City of Green Bay as of the date of this Agreement, and shall not compete with the City for location of any business by enticing such business with the Licenses. The Village further agrees that it will not issue any License to any business and/or establishment for use outside of the Tiletown District. In the event the Village breaches the terms of this Paragraph 3, the transfer of the Licenses as provided herein shall be immediately revoked and the affected License(s) shall automatically revert to the City.

4. Right of First Refusal. The Village hereby agrees that in the event any or all of the Licenses become available, the City shall have the right of first refusal to transfer the License(s) back to the City, at no cost to the City, before the License(s) is re-issued.

5. No Waiver. The failure of either party to enforce, at any time, the provisions of this Agreement shall not constitute a waiver of such provisions in any way, or of the right of the parties to demand strict compliance with the terms of this Agreement. Waiver of any specific provision or requirement of this Agreement shall be in writing signed by both parties. The waiver of any specific provision or requirement of this Agreement shall not constitute a waiver of any other provision or requirement.

6. Indemnification. The Village shall indemnify and hold harmless the City from all liability from claims for damages arising out of the issuance of the Licenses, provided, however, this hold harmless and indemnification clause is subject to the immunities, provisions, and limitations of state law.

7. Severability of Provisions. In case any one or more of the provisions contained in this Agreement shall, for any reason, be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provision hereof, and to the extent possible without affecting the intent of the parties, this Agreement shall be construed as if the invalid, illegal or unenforceable provision had never been contained herein.

8. Assignment. Neither this Agreement nor the License(s) shall be transferred to any entity or person by the Village without the express written consent of the City.

9. Perpetuity. Notwithstanding anything to the contrary in this Agreement, the obligations of the parties set forth in Paragraphs 2, 3, 4, 5, 6, 7, and 8 herein shall remain in effect without limitation as to time.

10. Entire Agreement. This document contains the entire agreement between Village and City and it shall inure to the benefit of and shall bind the parties hereto, their respective heirs, executors, successors or assigns.

11. Governing Law. This Agreement shall be governed by, and construed in accordance with, the laws of the State of Wisconsin.

12. Modifications. This Agreement may be amended or modified only by written instrument duly executed by both of the parties hereto.

13. Notices. Any notice required hereunder shall be given in writing, signed by the party giving notice, personally delivered or mailed by certified or registered mail, return receipt requested, to the parties' respective addresses as set forth below:

**REPORT OF THE ETHICS BOARD  
AUGUST 16, 2016  
(HELD FROM THE JULY 19 MEETING)**

The members of the Ethics Board, having met on Tuesday, July 5, 2016, considered all matters on its agenda and wish to report and recommend the following:

1. To adopt the finding of facts and conclusions of law in the matter of the Ethics Complaint against Chris Wery filed by Debbie Jacques under the City of Green Bay Code of Ethics Section 1.90, Sec., (1), (2), and (3).
2. To refer the find of facts and conclusions of law from the Complaint against Chris Wery filed by Debbie Jacques under the City of Green Bay Code of Ethics Section 1.90, Sec (1), (2), and (3) to the Common Council for appropriate action.

In the matter of Jacques v. Wery, copies of the briefs submitted by the parties regarding their objections are available in the City Clerk's office.

Moved by Ald. Zima, seconded by Ald. DeWane, for discussion, to receive the report and place it on file.

Ald. Moore read the following:

The Council may convene in closed session pursuant to Section 19.85(1)(a), Wis. Stats., for purposes of deliberating concerning a case which was the subject of any judicial or quasi-judicial trial or hearing before that governmental body. The Council may thereafter reconvene in open session pursuant to Section 19.85(2), Wis. Stats., to report the results of the closed session and consider the balance of the agenda.

Moved by Ald. Moore, seconded by Ald. Scannell to convene in closed session.

*Roll call:* Ayes: Dorff, Galvin, Nennig, Moore, Scannell, Sladek. Noes: DeWane, Nicholson, Zima, Steuer, Vander Leest. Abstaining: Wery. Motion carried.

Moved by Ald. Nennig, seconded by Ald. Moore to reconvene in open session. Motion carried.

Moved by Ald. Nennig, seconded by Ald. Galvin that the Council has determined that the decision of the Ethics Board should be received and placed on file. However, in addition, the Common Council issues a letter of reproof.

Ald. Nennig read the following:

Dear Mr. Wery:

As you know, the Common Council of the City of Green Bay has reviewed briefs filed by yourself and Ms. Debbie Jacques, along with attached documents, regarding your conduct while employed at Associated Bank. Although your actions may not have violated the “letter of the law” in City Ordinance 1.90 “Code of Ethics,” there is substantial evidence that the following occurred:

While employed at Associated Bank, you used a computer in your workplace to access private information of Ms. Jacques, your opponent in the April 2016 election. At least some of the information was not publicly accessible and could not have been viewed by you if you had not been an employee at the bank. Associated Bank concluded that you “viewed Mrs. Jacques’ accounts without a business purpose and without authorization.”

It is the opinion of the undersigned that this conduct is beneath the high standard expected of a member of the Green Bay Common Council. It is our belief that it damages the public confidence in the Common Council and the integrity of this institution. Therefore, we the undersigned hereby express our disapproval of your actions in this incident and encourage you to refrain from similar conduct during your future service on the Council.

*Roll call:* Ayes: Dorff, Galvin, Nennig, Moore, Scannell, Steuer, Vander Leest, Sladek. Noes: Nicholson. Abstaining: DeWane, Wery. Ald. Zima refused to vote. Motion carried.

**Section 1.** Section 21.11, Green Bay Municipal Code, is hereby created to read:

### **21.11 LEAD WATER SERVICE LINE REPLACEMENT.**

(1) Intent and Purpose. Lead service lines pose a threat to the public health based on the potential for leeching of lead into drinking water. The Common Council of the City of Green Bay therefore finds that it is in the public interest to establish a comprehensive program for the removal and replacement of lead pipe water service lines in use within the Green Bay Water Utility system and to that end declares the purposes of this ordinance to be as follows:

(a) to ensure that the water quality at every tap of Green Bay Water Utility customers meets the water quality standards specified under the federal Safe Drinking Water Act; and

(c) to meet the WDNR requirements for local compliance with the EPA's Lead and Copper Rule; and

(d) to effect the replacement of all high risk lead service lines within one (1) year of their discovery and the replacement of all remaining lead pipe water service lines in use in the City within ten (10) years.
