NEWS RELEASE

Temporary Lane Closures on East Mason Street from Main Street to East Town Mall

(News release dates: Thu Jan 26)

The Green Bay Public Works Department is announcing temporary lane closures for utility work to be completed on E Mason St between Main St and East Town Way. The project is scheduled to start Monday, January 30th and end Wednesday, February 1st.

Traffic will be moved to the north side of E Mason St, with one lane open at all times for both eastbound and westbound traffic. Motorists can expect delays, especially at the Mason-Main intersection. Motorists are encouraged to avoid the intersection and use alternate routes, as no detour route will be established.

Access to businesses on the north side of E Mason St within the work area will be maintained at all times. Access to businesses on the south side of E Mason St within the work area will be maintained at all times via their existing Main St driveways. All lane restrictions and work operations are weather dependent and subject to change.
