### **Green Bay Metro Announces Safe Stop Program**

(Green Bay, WI)– Green Bay Metro announces its “Safe Stop” Program. In order to ensure that every bus stop is accessible, Green Bay Metro asks riders and residents to report any concerns to 920-448-3450 or [MetroInfo@greenbaywi.gov](mailto:MetroInfo@greenbaywi.gov). Green Bay Metro wants to know if a bus stop needs to be cleared of ice or snow, needs to be moved due to construction, or any other issue that might impede riders reaching their destinations safely.
