Additional walls and doors will need to be created under this phase (Phase 3) for the the actual tenant build out. Why they chose to build it in 3 phases (Phase 1 - building shell, Phase 2 - tenant shell bathrooms and Phase 3 - actual tenant buildout has to do with the landlord/tenant agreements, but it will add more cost as this phase is being charged at building 1 rates and the actual tenant build out will be charged at building 2 rates. - PaulVC 3/29/2018

Then on 7/18/18 around 2:10 we (Rob Cormier and me) talked with her again and asked if they are already using the building. She said yes and we informed her that they should not be as we have no building of HVAC plans for the work performed.
