## *Martin Yale Has It All!*

### 1. Folding Machines and Perforators

We offer six folding machines from personal desktop to big sheet air-feed. Model 2051 SmartFold™ is capable of feeding a wide range of paper weights without having to adjust feed system saving time between fold jobs. Models 959 Friction-Feed and 959 Air-Feed Folders are state-of-the-art machines that fold, perforate, slit, and score separately or simultaneously. Model 1217A Folder is designed for low to medium volume shops. Handles sheet sizes up to 11" x 17". Model 1501X is the world's lowest price quality tabletop folder, Model P7400 is portable, affordable, and easy to use. Our Model 3800 Perforator perforates, scores, and slits with "fail-safe" accuracy. No other machine offers its high speed, 18" width slot perforating capability, depth control, and low price.

### 2. Printer Stand

Mead-Hatcher™ offers two different choices in printer stands. 24050 has one shelf and 24060 offers two shelves for storage. All models are made of heavy-gauge they also come with heavy-duty casters that allow the entire unit to pull out to give easy access to the cable connections. Comes with 2 built-in power strip holders in lower shelf of the unit, giving a convenient and usable outlet. Holds a printer weight up to 75lbs.

### 3. Professional Padding Press

Rugged all-steel construction. Ideal for padding carbonless forms, note pads, and scratch pads. Easy to use thumb latches, no pinching or crushing points, heavy duty locking casters, spring-loaded tilt latch and shallow tilt angle which allows for safe tilting and easier positioning.

### 4. Business Card Slitters

Martin Yale business card slitters are the perfect machines for creating professional cards. They easily convert 8 1/2" x 11" sheets into finished 2" x 3 1/2" business cards. Model GC210 will quickly and professionally produce business cards with bleed edge design. The BCS410 & BCS412 offer an extra work station for scoring and perforating, ideal for creating tent style business cards, occasion cards, or tickets. Model SP100 is a score and perforating machine. It scores and perforates tent style business cards, occasion cards, or tickets.

4. GC210 Business Card Slitter

### 5. Collator

The Model CL6 Collator collates six at a time as quickly as you can pull the handle. It is so low-priced that the average business can afford several.

5. CL6 Collator

### 6. Paper Cutter & Trimmers

Martin Yale has a paper cutter for every paper cutting need. Model 7000E is a stack cutter that can slice through a stack up to 1 1/2" thick (approximately 350 sheets of 20 lb. paper) and up to 12" wide in one stroke. Our Premier Trimmer line offers over 15 models from 12" to 36".

6. 7000E

### 7. Creaser

Martin Yale CR818 Manual Paper Creaser is designed to provide performance, efficiency, and a consistent quality of product outcome making it is essential to any business that prides itself to professional quality literature production. Quick and easy-set up, simply remove the packaging, install the paper stops and done.
