Cocktails to Go Bill Signed into Law

Last week, the Senate concurred in a bill, [AB 32](#), that the Assembly had unanimously passed earlier this session, allowing bars and restaurants holding Class B liquor licenses to sell individual glasses or cups of mixed drinks and wine in to-go containers as long as the drinks have a "tamper evident seal." On Friday, Governor Evers signed AB 32 into law as [Act 21](#), which took effect on Sunday, March 28.

Senate Passes Two Bills of Interest to Municipalities

Last week, the Senate passed by voice vote the following two bills of interest to municipalities:

- [SB 56](#), **Allowing remote orders for sale of alcohol beverages.** The bill allows most alcohol beverage retailers to make online or telephone sales of alcohol beverages to be picked up by the customer at parking spaces that are part of the retail licensed premises. The League opposes the bill because it also prohibits municipalities from imposing by ordinance additional restrictions on these sales. The Assembly has not yet acted on the bill or its companion, AB 70. Read the [League's memo](#) to legislators [here](#).
- [SB 52](#), **Public notice of noncandidacy for incumbent local elected officials.** Under the bill, which the League supports, if an incumbent for local office files a notification of noncandidacy or fails to file a declaration of candidacy, the municipal clerk must post that fact on the Internet or in three different locations within the municipality if the municipality does not have an Internet site. The bill has been sent over to the Assembly, which has not yet taken any action on it or its companion, AB 51.

Fiscal Bureau Summary of Governor's 2021–2023 State Budget Proposal Available

Earlier this month the Legislative Fiscal Bureau released a summary of Governor Evers' proposed 2021–2023 state budget.

- [Full Fiscal Bureau Summary](#)
- [Budget Summary organized by State Agency](#)

League Submits Letter to DOR Supporting Holmen's Challenge of Agency's Levy Limit Worksheet Interpretation

Last week, the League of Wisconsin Municipalities, the Wisconsin Realtors Association, and the Wisconsin Builders Association sent a letter to Department of Revenue (DOR) Secretary Peter Barca expressing concerns about DOR staff incorrectly interpreting Wis. Stat. sec. 66.0602(3)(m), a new levy limit law provision allowing cities and villages to increase their allowable levy by \$1,000 for each unit of new single-family housing sold that meets certain specified lot size and affordability standards. The three associations urged the Department to reverse its determination in a case involving the Village of Holmen, in which DOR staff concluded that sec. 66.0602(3)(m) only applies to free standing, unattached dwelling units and does not apply to zero lot line dwellings.

- Read the Joint Letter to DOR [here](#)
- Read the Village of Holmen's letter [here](#)

2021 Redistricting Process and Census Delay

The US Census Bureau adjusted its 2020 operations due to COVID-19 resulting in delays to the Bureau's reporting and publishing of population data necessary to redistrict at the municipal and county levels of government. The population data is usually received no later than April 1, but now is not expected until at least July 31, 2021, and more likely not until August or September. Because of these delays, counties and municipalities are unable to commence the redistricting process within the timeframe required by current Wisconsin law, and, depending on the extent of the delay, counties and municipalities may be unable to complete the redistricting process prior to the December 1 deadline for filing nomination papers for the 2022 spring election.

The Wisconsin Counties Association (WCA) reached out to the League about this issue and is proposing legislation adjusting the redistricting timeline. The proposal is currently being drafted for consideration. No bill has been circulated for co-sponsorship or introduced yet.

- Read the WCA's legal memo on the redistricting process and census delays, [here](#).

- View a WCA prepared flowchart showing proposed new redistricting dates under consideration, [hear](#).

TAKE ACTION – ADVOCACY OPPORTUNITIES

[#TakeYourLeggieToWork](#) for a behind-the-scenes tour of the election process

The upcoming Spring election is your opportunity to show your state legislators how it all works. Invite them to observe the process and help them understand the steps that are taken to secure the election. Since the process of elections has come under a national microscope, this is your chance to help inform and influence the debate on the changes Legislators will be considering. **Recommendation!** Please check in and work with your Clerk *before* extending the invitation. Details [here](#).

[Adopt the Shared Revenue Resolution!](#)

Thank you to the cities and villages that have adopted or have added the Shared Revenue Resolution to their agenda for consideration. If your municipality isn't on the list, it is NOT TOO LATE to take action in support of long-term funding for police, fire, parks, etc. We provide a sample resolution > League [Shared Revenue Take Action Plan](#)

RECENTLY INTRODUCED LEGISLATION

[AB 186](#), **Eliminating Public Official Immunity as a Defense to Civil Liability Claims Against Law Enforcement Officers** This bill provides that immunity granted to public officials under current law does not apply and is not a defense to civil liability claimed against a law enforcement officer for any act or failure to act by the officer done in an official capacity or in the course of his or her agency or employment. The bill also eliminates certain indemnification available under current law for law enforcement officers. *The League is opposed to this bill.* Representative Brostoff (D-Milwaukee) and Senator Johnson (D-Milwaukee).

[AB 193](#), **Suicide Prevention Grants.** This bill requires the Department of Health Services to award grants to organizations or coalitions of organizations, including cities, villages, towns, counties, and federally recognized American Indian tribes or bands, for 1) training staff at a firearm retailer or firearm range on how to recognize a person that may be considering suicide; 2) providing suicide prevention materials for distribution at a firearm retailer or firearm range; or 3) providing voluntary, temporary firearm storage. *The League Supports this bill.* Representative James (R-Altoona) and Senator Bernier (R-Chippewa Falls).

[AB 210](#), Grants for Suicide Prevention Programming. This bill requires the Department of Health Services to award grants to organizations or coalitions of organizations, including cities, villages, towns, counties, and American Indian tribes for suicide prevention programming. A grant recipient must contribute matching funds or in-kind services having a value equal to at least 20 percent of the grant amount. *The League supports this bill.* Representative VanderMeer (R-Tomah) and Senator Ballweg (R-Markesan).

[SB 248](#), Modifications to the Electronic Recycling Program. This bill makes changes to the electronic waste recycling program, known as "E-Cycle Wisconsin," which is administered by the Department of Natural Resources. Specifically SB 248 bill also requires DNR to create a new program to provide grants to expand electronics recycling and recovery programs in underserved areas of the state. Grants may be provided to local units of government, businesses, and nonprofit entities. *The League supports this bill.* Senator Cowles (R-Green Bay) and Representative Mursau (R-Crivitz).

PUBLIC HEARINGS THIS WEEK

There are no public hearings scheduled this week on municipal bills.

Rossdale CLE

A National Leader in Legal Education

Registered attendees will automatically be e-mailed a complimentary recording and Podcast of the full-length seminar two days after the teleconference and receive FULL CLE & MCLE CREDIT (where available) if they cannot attend the teleconference.

Benefits [View Benefits](#)

The recent surge & growing legalization in sports betting and online gaming have led to a significant need for attorneys proficient in the cutting-edge legal and regulatory issues affecting the industry. The laws have been in flux with the proliferation of this multi-billion dollar sports wagering area, led by companies like DraftKings, Penn Gaming, MGM, iGaming, CBS Sports & ESPN. Over \$20 billion have been spent by Americans alone on online and sports gaming since the Supreme Court allowed states to legalize sports wagering. The faculty for this seminar features three leading authorities on the subject, who will discuss relevant and emerging trends, legislative landscape of online sports betting, currency & financing issues, fantasy sports regulation, online gaming legal considerations, impact of Supreme Court & lower court decisions affecting the practice, and opportunities of law practice growth. The faculty will also cover key issues affecting in-house counsel and government practitioners. Registration includes online access to course and reference materials that serve as a helpful guide to the numerous topics and techniques discussed in the program.

Key Agenda Points [View Complete Agenda](#)

- Overview of Current Legislation & Regulations

- Most Critical Challenges involving Online Sports Betting
- Legal Issues presented by Rise of Fantasy Sports
- Currency & Financing Issues
- Opportunities for Law Firm Growth in the Area
- Future Trends of Sports Betting & Online Casino Gaming
- Compliance & Avoidance Strategies
- Online Gaming involving Casinos
- Social Gaming Regulations
- Interactive Question & Answer Session with the Experts

Faculty [Detailed Faculty Information](#)

- **Mark Conrad**, Assoc. Professor of Law and Ethics at Fordham University's Gabelli School of Business
- **Frank A. DiGiacomo**, Partner at Duane Morris & Leader of the firm's Gaming Industry Group
- **Michael J. Zalewski**, Taft Stettinius & Hollister LLP

Credit [Detailed CLE Credit Information](#)

- **CLE ACCREDITATION:** Rossdale CLE is a national leader in attorney education and has trained thousands of attorneys, paralegals, and other legal professionals. CLE & MCLE credit is available in states and jurisdictions across the country. Visit the seminar webpage to learn more about CLE & MCLE credit for the program.

Only registered attendees **will receive continuing education credit.**

Who Should Attend?

Attorneys, judges, paralegals, and legal assistants.

Registered attendees will automatically be e-mailed a complimentary recording and Podcast of the full-length seminar two days after the teleconference and receive FULL CLE & MCLE CREDIT (where available) if they cannot attend the teleconference.

Subject: [Cityattorneys] IMLA 3/31 Elimination of Bias/Diversity and Inclusion Webinar

Don't miss our March 31st webinar, **Elimination of Bias/Diversity and Inclusion, *Women in Law: Where Equality and Equity Exist in Local Government***. [Click here to register.](#)

As Justice Ruth Bader Ginsburg once said, "Women belong in all places where decisions are being made. It shouldn't be that women are the exception." This three-women-panel of local government attorneys will discuss the transformation of what women in the male-dominated legal field looked like in the past to what women in the field look like now on a structural and policy level. The presentation will discuss the shift from issues related to equality for all women to what equitable actions local governments are currently doing to prioritize and value Black, Indigenous, and People of Color (BIPOC) women seeking employment. The presentation will also discuss the structure of a woman-majority litigation office in local government and an example of COVID-19 provisional language that create a disproportionate effect on women over men. Additional topics may be included.

Speaker: Deanna Shahnam, Patricia Miller, Deanne Durfee & Josette Flores
