Hello Michael,

I hope this message finds you well. As I'm sure you are aware by now, there is an article circulating which makes all sorts of accusations about the election in GB. One of the biggest things reporters are honing in on is a statement in Hyatt's records that say you were in charge and were to be provided the keys. No one on our end has a solid recollection since there was so much going on during that time, so I'm hoping you can help give us a definitive answer. Were you provided keys to the KI? If so, what did you do with those? And finally, what was your involvement with executing the contract with KI?

If you have any other recollections about the day of, or the days leading up to it, that would be very helpful to document as well. Thanks!

Vanessa

Thank you,
