

EROSION CONTROL PLAN SUBMITTAL APPLICATION

Project Name: _____ Project Address: _____
Parcel#: _____ Project#: _____ Site#: _____

This form must be completely filled out by the applicant prior to submitting the application. All required information must be submitted with the application or it will be deemed incomplete and delay the permitting process. Applicants should initial next to each required field to confirm that it has been provided with the application.

Erosion Control Plan Requirements and Erosion Control Narrative/ Statement

Owner Information (Application Form)

____ Name
____ Address
____ Telephone number
____ E-mail address

Erosion Control Contactor (Application Form)

____ Name
____ Address
____ Telephone number
____ E-mail address

Site Plan (Existing Site Conditions)

____ A legal description of the property proposed to be developed.
____ Existing site conditions on a scale of at least 1" equals 100'
____ Identify site boundaries and adjacent lands which accurately identify site location
____ Identify lakes, streams, wetlands, channels, ditches, and other water courses on the site and adjacent lands
____ Identify the Location of the 100-year floodplain/flood fringe and floodway
____ Identify the predominant soil types
____ Identify the location and general identification of the vegetative cover
____ Identify the location and dimensions of storm water drainage systems and natural drainage patterns on and immediately adjacent to the site
____ Identify the locations and dimensions of utilities, structures, roads, highways, and paving
____ Identify the site topography at a contour interval not to exceed 2'

Site Construction Plan (Proposed Site Conditions)

____ Identify the location and dimensions of all proposed land-disturbing construction/ activities
____ Identify the locations and dimensions of all temporary soil or dirt stockpiles
____ What are the proposed best management practices (BMPs) with installation details
____ Identify the locations and dimensions of all construction site erosion control measures necessary to meet the requirements of this ordinance
____ Schedule of anticipated starting and completion date of each land-disturbing construction or land-developing activity, including the installation of construction site erosion control measures needed to meet the requirements of this ordinance
____ Provisions for maintenance of the construction site erosion control measures during construction
____ Submittal of all soil loss prediction tool results and iterations

Erosion and Sediment Control Statement/ Narrative

____ Erosion and sediment control plan statement shall briefly describe the site, the development schedule, and the BMPs that will be used to meet the requirements of the ordinance
____ What are the performance standards applicable to the site

Application: Soil Loss Equation: Erosion and Sediment Control/ Narrative:
Site Plan: Site Construction Plan:

Applicant hereby certifies that the information contained herein is complete and accurate to the best of applicant's knowledge.
