Erosion Control Plan reviewed and approved by Erosion Control Specialist: _____ Date: _____

Permit Issuance:

1. **Duration** – This erosion control permit shall remain valid for a period of 180 days or for the length of the building permit, whichever is longer. The Erosion Control Specialist or designated representative may extend the period one or more times for up to an additional 180 days, and may require additional erosion control measures as a condition of the extension if necessary to meet the requirements of this ordinance.

Permit Expiration Date _____

2. **Surety Bond** - As a condition of approval and issuance of the permit, the Public Works Director may require the applicant to deposit a surety bond or irrevocable letter of credit to guarantee a good faith execution of the erosion control plan.

Surety Bond Amount \$ _____ Date Filed _____

3. **Conditions of Approval** - This permit approval requires the applicant to:

- a. Notify the Erosion Control Specialist / designated representative at least **48 hours before** commencing any land-disturbing construction or land-development.
- b. Notify the Erosion Control Specialist / designated representative of completion of any erosion control measures within seven days after their installation.
- c. Obtain permission in writing from the Erosion Control Specialist / designated representative prior to modifying the erosion control plan.
- d. Install all erosion control measures as identified in approved erosion control plan.
- e. Maintain all road drainage systems, storm water drainage systems, control measures, and other facilities identified in erosion control plan.
- f. Repair any siltation or erosion damage to adjoining surfaces and roadways resulting from land-developing construction or land-disturbing activities.
- g. Inspect the construction erosion control measures after each rain of 0.5" or more and at least once each week and make needed repairs.
- h. Allow the Erosion Control Specialist / designated representative to enter the site for the purpose of inspecting compliance with the erosion control plan or for performing any work necessary to bring the site into compliance with the erosion control plan.
- i. Keep a copy of the approved erosion control plan on the site.
- j. Submit weekly inspection reports to the Erosion Control Specialist via e-mail at erosioncontrol@greenbaywi.gov

Failure to comply with any of these conditions may subject the permittee to corrective action, fines, and/or revocation of the permit at permittees sole expense.
