**CITY OF GREEN BAY - POLICE DEPARTMENT  
LABOR AGREEMENT**

THIS AGREEMENT, made and entered into according to the provisions of section 111.70 Wis. Stats. by and between the City of Green Bay as municipal employer, (hereinafter called the “City”) and the Bargaining Unit of the Green Bay Police Department (hereinafter called the “Bargaining Unit”).

**ARTICLE 1  
RECOGNITION/MANAGEMENT RIGHTS**

- 1.1 UNIT. The City agrees to recognize the Bargaining Unit as the bargaining agent for all full-time personnel of the Police Department having powers of arrest employed by the City, excluding the rank of Chief of Police, Commander, Captain and Lieutenant in the matter of wages, hours, and working conditions. Prior to any negotiations, the City shall be furnished with a list of the membership of the Bargaining Unit.
- 1.2 MANAGEMENT RIGHTS. The Union recognizes the prerogative of the City, subject to its duties to collectively bargain, to operate and manage its affairs in all respects in accordance with its responsibilities, and the powers and authority which the City has not abridged, delegated or modified by this Agreement, are retained by the City, including the power of establishing policy to hire all employees, to determine qualifications and conditions of continued employment, to dismiss, demote, and discipline for just cause, to determine reasonable schedules of work, to establish the methods and processes by which such work is performed. The City further has the right to establish reasonable work rules, to delete positions from the Table of Organization due to lack of work, lack of funds, or any other legitimate reasons, to determine the kinds and amounts of services to be performed as pertains to City government and the number and kinds of classifications to perform such services, to change existing methods or facilities, and to determine the methods, means and personnel by which City operations are to be conducted. The City agrees that it may not exercise the above rights, prerogatives, powers or authority in any manner which alters, changes or modifies any aspect of the wages, hours or conditions of employment of the Bargaining Unit, or the terms of this agreement, as administered, without first collectively bargaining the same or the effects thereof.

**ARTICLE 2  
PURPOSE OF AGREEMENT**

- 2.1 GENERAL. It is the intent and purpose of the parties hereto that this agreement shall promote and improve working conditions between the City and the Green Bay Police Department (GBPD) Bargaining Unit and to set forth herein rates of pay, hours of work, and other terms and conditions of employment to be observed by the parties hereto. In keeping with the spirit and purpose of this agreement, the City agrees that there shall be no discrimination by the City against any employee covered by this agreement because of membership or activities in the Bargaining Unit, nor shall the City interfere with the right of such employees to become members of the Bargaining Unit. The City retains all rights, powers, or authority that it had prior to this Agreement.
- 2.2 DISCRIMINATION. Neither the Employer nor the Union shall discriminate in any manner whatsoever against any employee as defined in Section 111.32 et seq. of Wisconsin Statutes.

**ARTICLE 3**  
**GRIEVANCE PROCEDURES AND DISCIPLINARY PROCEEDINGS**

- 3.1 **GRIEVANCE DEFINITION.** A grievance is defined as any complaint involving wages, hours and conditions of employment of members of the bargaining unit, other than proceedings conducted pursuant to Section 62.13, Wis. Stats. A grievant may be an employee or the Union. Upon the mutual agreement of the parties hereto, grievances involving the same issues may be consolidated in one proceeding.
- 3.2 **SUBJECT MATTER LIMIT.** Only one subject matter shall be covered in any one grievance. A written grievance shall contain the name and position of the grievant, a clear and concise statement of the grievance, the relief sought, the date the incident or violation occurred and the signature of the grievant and the date.
- 3.3 **CHIEF INVESTIGATION.** The Chief of Police may confer with the Union and such employees or other persons deemed appropriate before making a determination.
- 3.4 **COMPUTATION OF TIME.** The days indicated at each step should be considered a maximum. Working days as used in this article shall mean Monday through Friday, excluding holidays. The failure of the party to file or appeal the grievance in a timely fashion as provided herein shall be deemed a waiver of the grievance. The party who fails to receive a reply in a timely fashion shall have the right to automatically proceed to the next step of the grievance procedure. The time limits may be extended by mutual consent.
- 3.5 **REMOVAL FROM SPECIALTY TEAM OR ASSIGNMENT.** Removal from a specialty team position or assignment shall only be for cause. Examples of “cause” may include but are not limited to poor performance, reluctance to perform assigned duties, failure to successfully complete training, continued failure to be available for call-in, poor documentation and the like.
- 3.6 **GRIEVABLE.** An officer not selected for a specialty team position or assignment shall have the right to grieve the decision through the grievance procedure. Only reasons capable of objective proof shall be considered in the event that a determination of non-qualifications is made and grieved.
- 3.7 **WAIVER OF STEPS.** Steps in the procedure may be waived by mutual agreement of the parties.
- 3.8 **STEPS AND PROCEDURE.**
- 3.8.1 **STEP ONE.** The grievant or a Union representative on the grievant’s behalf shall have the right to present the grievance in writing to the Chief of Police within 25-working days after the employee or the Union knew or should have known of the event giving rise to such grievance. The Chief of Police shall furnish the grievant and the Union representative an answer within 15-working days after receiving the grievance.
- 3.8.2 **STEP TWO.** If the grievance is not satisfactorily resolved at the first step, the grievant or the Union representative shall prepare a written grievance and present it to the Human Resources Director within 15-working days of the Chief of Police’s response. The Human Resources Director shall review the grievance and shall respond in writing within 15-working days after receipt of the written grievance.
- 3.8.3 **STEP THREE.** If grievance is not resolved at the second step, the grievant or the Union representative shall present the written grievance to the Personnel Committee within

15-working days of the Human Resources Director's response. The Personnel Committee shall review the grievance and respond in writing within 10-working days after their decision, which shall be made at the next regularly scheduled Personnel Committee meeting. In reaching their decision the Personnel Committee may hold a fact-finding hearing after having received a written statement of fact and position by each party. The grievant and the Union shall be given a 10-working day notice of said hearing.

3.8.4 STEP FOUR. If no agreement is reached in step 3, the dispute may be referred to arbitration. The party desiring arbitration shall, within 10-working days of receiving the Personnel Committee decision, petition the Wisconsin Employment Relations Commission for arbitration with a copy of such petition sent to the other party.

### 3.9 GRIEVANCE ARBITRATION PROCEDURE.

3.9.1 ACCESS TO RECORDS. The employee or the bargaining unit shall have access to the City's investigative file and all other pertinent documents or information once a disciplinary action has been meted out, but no sooner than 8-days after such discipline has been meted out. Access to the employee's personnel file shall be subject to the restrictions of Section 103.13 (3) Wis. Stats. Nothing in this paragraph shall prohibit or restrict the City from taking a statement of the employee as part of an investigation to determine whether the employee should be disciplined.

3.9.2 DISCLOSURE OF WITNESSES. Any time after step 2 of the grievance procedure, either party may demand a list of witnesses that the other party intends to call by furnishing the other party with a list of witnesses of the demanding party. The other party, upon whom the request is made, shall respond to that request within 8-working days of the date of the request. The parties shall be under a continuing obligation to update and supplement the list of witnesses so provided. Any witness not identified in response to a demand before the date of the informal pre-hearing conference shall not be allowed as a witness in the case in chief in these proceedings.

#### 3.9.3 DEPOSITIONS.

- a. Once a witness has been identified pursuant to the procedures set forth above, that witness may be deposed.
- b. Either party may identify witnesses they intend to call in these proceedings without receiving a demand from the other party. Upon identification of such witness, the party so identifying the witness shall, upon notice to the other party, be permitted to depose that witness for purposes of perpetuating testimony for the grievance hearing.
- c. Any depositions taken, whether during the investigation of the actions leading up to the discipline or at any point thereafter, may be used by either party at any step in the grievance procedure as may be otherwise provided by law.

3.10 COSTS. The party initiating the grievance shall pay for the administrative costs for initiating arbitration. Any other expenses or costs of the arbitration proceeding, including fees of the arbitrator, shall be split equally between the parties. The arbitration hearing shall be conducted in the City of Green Bay at a mutually agreeable time.

- 3.11 DECISION OF ARBITRATOR. The decision of the arbitrator shall be limited to the subject matter of the grievance. The arbitrator shall not modify, add to or delete from the express terms of this Agreement. The arbitrator's decision shall be final and binding.
- 3.12 REPRESENTATIVES. The Bargaining Unit may appoint representatives of the bargaining unit and shall inform the City of the names of the individuals so appointed and of any change thereafter made in such appointments. The City shall allow the representatives the necessary time to process grievances during the course of the duty day.

#### **ARTICLE 4 HOURS**

- 4.1 NON-SHIFT EMPLOYEES. The work schedule for non-shift employees shall be equalized with that of the shift employees subject to approval of the supervisor. Approval shall not be unreasonably withheld. The workday for non-shift employees shall be a maximum of eight and one-half hours.
- 4.2 SHIFT EMPLOYEES.
- 4.2.1 The work week for shift employees shall consist of 5-duty days with 3-days off in a repeating cycle. The work week for non-shift employees shall be 5-duty days during the normal work week with weekends off, as modified by the schedule set forth in the departmental reorganization of October, 1986 and shall be administered as to each employee as it now is.
- 4.2.2 The normal tour of duty shall be 8½-hours including roll call time. However, officers may return to the station after 8¼-hours in order to submit all usual and required written reports and information and to ascertain that they have been properly and correctly submitted before leaving the premises. In no event shall the completion of a required report become a matter involving overtime except with approval or at direction of the officer's supervisor.
- 4.3 TAKING OF OFF TIME. Officers may select, or pick, off time (vacation, personal days, compensatory time, accumulated overtime, and the like) outside of the normal vacation selection or pick procedure not more than 45-days before the day(s) in question in the following manner:
- 4.3.1 No such selection or pick shall be made more than 45-days before the day in question.
- 4.3.2 Within 45-days, but more than 30-days of the date in question, selection or picks may be made to the extent of the number of positions allowed off under the Labor Agreement regardless of staffing requirements and within applicable rules regarding seniority, off day groups, number of days per selection, and other pertinent rules.
- 4.3.3 Within 30-days but not less than 24-hours prior to the start of the time off requested, such selection shall be on a first come, first served basis regardless of seniority up to the number of officers allowed off under the Labor Agreement regardless of staffing requirements. The shift commander or other designated supervisor may, in their sole discretion, allow more officers off than the number of officers allowed off under the Labor Agreement regardless of staffing requirements in accordance with the above procedures for identifying the officers. In no event may an officer select time off

without 24-hours notice prior to the start of the time off requested, to the shift commander or other designated supervisor, but a shift commander or other designated supervisor may, in their sole discretion, waive the 24-hour notice for reasons found sufficient. For purposes of this provision, officer means an 8½-hour shift.

- 4.4 FLEX TIME. Officers shall not be allowed to flex their hours in a workday except as explicitly provided for in the Agreement or specifically agreed to in writing between the City and the Association from time to time. Officers who work an administrative schedule (5-2, 4-3) may work on their flex day with supervisory approval during their last five years of work before their declared retirement date.
- 4.5 MIDDAY SHIFT. The midday shift will comprise the hours of 10:30 am to 7:00 pm with officers assigned to a 5-3 group work schedule.
  - 4.5.1 Officers will bid for the midday shift by department seniority by signing a general department posting.
  - 4.5.2 Management retains the right to determine the number of officers to be assigned to the shift. The time frame to fill this shift will be determined based on where the officers bidding the shift come from.

## **ARTICLE 5 SHIFT ASSIGNMENTS**

- 5.1 ASSIGNMENTS IN GENERAL. Assignments to shift positions shall be by seniority among those persons possessing the qualifications for the position to be filled. Assignments shall be made and persons with appropriate qualifications and seniority may bid for shift positions only when a vacancy exists in such position.
- 5.2 SHIFT TRADING. Officers shall be allowed, upon request, to have another officer substitute for the requesting officer on any given tour of duty under the following conditions:
  - 5.2.1 The substitute officer shall be of the same rank and have the same general job description as the requesting officer (i.e., patrol officer and patrol officer; detective and detective, etc.).
  - 5.2.2 The request shall be in writing and approved by the shift commander or supervisor of both the requester and substitute, which said approval shall not be unreasonably withheld.
  - 5.2.3 The consideration to the substituting officer, such as the requesting officer substituting for the substituting officer in the future, shall be strictly between said officers, without the City having any obligation whatsoever to be involved in enforcing any such agreement.
  - 5.2.4 No trade may be made if the trade, when made, would result in an officer working more than 14¼-hours, in a combination of shift trade, training, duty hours and/or overtime, in any 24-hour period.
  - 5.2.5 An officer who makes a partial trade with an officer on a contiguous shift with a 30-minute overlap shall remain on duty an additional 15-minutes at the end of that shift without any additional compensation.

- 5.3 TRAINING OF NEW PERSONNEL. The training of new officers shall be conducted pursuant to the departmental field training program under the provisions of this Agreement, excepting that while in training, the department shall have the right to assign shifts, groups, jobs, and duties as is necessary or proper under the training program, and all selection rights in regard to the same contained in this Agreement shall not apply to such officers; provided that in all instances the provisions regarding the length of the work day, the work week, provisions regarding pay, including overtime (except such officers may not bid, or be inversed, for normal overtime) shall apply.
- 5.4 TEMPORARY ASSIGNMENTS. The Chief of Police may, upon written notice to the Bargaining Unit, temporarily assign officers to special duties or projects for a period of up to 30-days; provided however that no officer may be temporarily assigned to any duties or projects which have historically been or normally are performed by or assigned to Bargaining Unit members as part of their job duties. If the assignment is voluntary, no premium pay shall be earned by the officer. An officer's performance of any temporary assignment shall not impact on promotion (excepting that such might increase the officer's personal knowledge or experience), and shall not become part of the officer's personnel file or work record for promotional purposes.
- 5.5 DAYLIGHT SAVINGS. When clocks are adjusted for "Daylight Savings Time" employees shall be compensated according to the clock rather than actual hours worked. Overtime shall commence after 8½ hours on a regular work day.
- 5.6 SPECIAL PROJECTS. The Chief of Police may authorize special projects not to exceed 60-days. The special projects shall be assigned based on qualifications amongst those interested. The selection process will be in accordance with 7.2.3.i.(A). The length of the special project may be extended upon mutual agreement with the Association for a period of up to 30-additional days. Approval for such extension shall not be unreasonably withheld. The following positions shall not be eligible for special assignment:

Forensics	Canine	Neighborhood Response Team
Detective	Traffic Enforcement Officer	School Resource Officer
Drug Unit	Range Master	Community Policing Officer
Crime Prevention		

Identical special projects shall not be posted more than two consecutive times except for good cause shown or by mutual agreement.

- 5.7 SAFETY STAFFING.
- 5.7.1 Policy. Both the City and the Bargaining Unit keep officer safety as a foremost priority in all aspects of working conditions. It is recognized that the primary safeguard for officers is the police force itself, with each officer receiving protection through teamwork with, backup for or by, and general interdependency with other officers.
- 5.7.2 Staffing Requirements. In order to serve the above general policy, the following minimum officer safety staffing shall be maintained at all times, subject only to the provisions of 5.7.2.c below:
- a. Safety staffing between the hours of 6:15a and 10:30a will be 11-officers, two of which may be supervisors. Safety staffing between the hours of 10:30a and 7:00p

will be 13-officers, two of which may be supervisors. From 7:00p until 3:30a this minimum shall increase to 16-patrol officers, however may be reduced to 14-patrol officers because of absences due to officers going home during shift due to illness. From 3:30a until 6:30a minimum staffing may be reduced to 10-patrol officers on duty.

- b. The following provisions shall apply to the counting of patrol officers for minimum staffing requirements:
  - i. The City may count up to 2-road supervisors toward the staffing requirement. If 2-road supervisors are not available, the Chief of Police or designee shall replace any such unavailable supervisor with a patrol officer, unless otherwise agreed by means of an MOU;
  - ii. Officers in plain clothes shall count toward the required number for staffing if officer is on patrol;
  - iii. Two officers assigned to a patrol squad car shall count as two officers for required number for staffing;
  - iv. Probationary officers in training shall not count toward the required number for staffing;
  - v. School Resources Officers (SROs) shall not count toward the required number for staffing;
  - vi. Community Police Officers (CPOs) shall not count toward the required number for staffing;
- c. Unexpected deviations below safety staffing on any given shift within 3-hours of the end of that shift shall be filled by a call-in of the oncoming shift. This may occur when an officer goes home sick. Should the time slot extend outside of 3-hours a full call-in must be done even though you are currently running below staffing.
- d. "Active patrol duty" shall mean a uniformed or plain clothed trained officer being assigned to perform a shift tour of duty the usual and customary duties of active police patrol within a district or other area of the city designated by the Chief of Police or designee.
- e. Shift Commander Discretion. Due to the exigency and emergency nature of police work, deviation from staffing and assignment requirements within the work day are inevitable, and shift commanders shall have the discretion to direct the work force to meet unexpected situations, events or occurrences arising from time to time; provided that deviations shall not be allowed for expected situations or events, or those which reoccur on a regular basis so that they may be planned for.
- f. In the event of a violation of the provisions of this Section, whether by the City failing to call in an officer or calling in the wrong officer, the officer who should have been called in shall be compensated for the wages the officer would have earned had the officer been called in.

5.8 GROUP SELECTION. Assignments to groups shall be selected by departmental seniority as follows.

- 5.8.1 Current group assignments shall be continued, and no bumping shall be allowed.
  - 5.8.2 When a vacancy in any group occurs on a shift, such shall be posted for selection by all officers qualifying to fill such a position, including officers already assigned to the shift.
  - 5.8.3 Officers being newly assigned to a shift shall be assigned to a group having a vacancy after the posting under 5.8.2.
  - 5.8.4 When an officer leaves a shift because of a move that entitles the officer to return to the shift at a later date, that officer shall be treated as a newly assigned officer to the shift under 5.8.3, unless agreed otherwise by the City and the Bargaining Unit before the officer leaves the shift.
- 5.9 ASSIGNMENT OF POSITIONS. Assignments to job or duty positions shall be made only when a vacancy exists, and there shall be no bumping

**ARTICLE 6  
OVERTIME**

- 6.1 OVERTIME PAYABLE. Employees shall be compensated at the rate of 1½-times based upon their normal rate of pay for all hours worked in excess of the scheduled work day or work week. Overtime shall commence after 8½-hours on a regular workday or for hours worked outside the normally scheduled workweek. For purposes of calculating overtime, compensation for the hourly rate shall be based on a bi-weekly schedule of 75.6-hours and an annual schedule of 1964.5-hours. No change in the amount of overtime claimed by an employee shall be made unless the employee is notified of such proposed change within 7-days of the employee submitting the overtime.
- 6.2 OVERTIME/COMPENSATORY TIME. Compensatory time shall be limited to an accumulation of 100-hours.
- 6.3 ALLOCATION OF OVERTIME.
- 6.3.1 Posting. All overtime of the department schedule, where practicable, shall be posted. If more persons qualified for such overtime work sign for such than are needed, overtime shall be assigned on a seniority basis among those qualified for the work. (It is contemplated that at times it shall be necessary to determine the qualification of an employee to work overtime based upon the employee's knowledge of the subject of the overtime work or the training and expertise of the employee. However, in the event of a dispute as to the same, the City shall have the burden of establishing the necessity.) In assigning overtime the department shall ask for volunteers on the basis of seniority regardless of whether the officer is on a work or off day. In the event sufficient volunteers are not found, the balance of the overtime shall be assigned on the basis of inverse seniority among those on their workdays and then by inverse seniority among those on off days. Management may refuse overtime where there is a legitimate safety concern. Practicability of posting shall be determined in light of time available for posting and departmental or public security, or other relevant and sufficient factors. This paragraph shall not apply to overtime resulting from an extension of a person's normal workday duty, nor shall it apply to overtime not assigned by the City of Green Bay.

Special event overtime will be posted for a minimum of 30-days in advance of the event, unless the Department is not provided 30-days advance notice of the special event. The most senior qualified officer signing for and assigned the special event overtime will be expected to perform that overtime assignment unless the officer cancels 10-days prior to the special event. In the event the Department has less than 30-days advance notice to post the special event the posting will include a date to cancel. For purposes of these posting procedures a special event will typically be considered crowd control, traffic control, and general security at events, such as an athletic event, concert, ceremony, demonstration, exhibition, march, pageant, parade, procession, race, show, or other similar display which interferes with normal flow or regulation of traffic on the streets, sidewalks, or right-of-way, or the normal use of parks or other public or private grounds.

6.3.2 Qualification for Overtime. When determining qualifications, department shall abide by the following:

- a. When the overtime in question calls for the officer not to be in uniform, such overtime shall be performed by a detective. However, this provision shall not prevent the department from using patrol officers for ordinary plain clothes surveillance duty during their normal shift or using a patrol officer when the department is unable to secure sufficient detectives whether they are on or off duty. Use of patrol officers shall not reduce any shift below the number required for safety reasons. If the detective maintains a uniform, the detective shall be allowed to select overtime with the patrol division and specialists for crowd control events such as the 4<sup>th</sup> of July, Artstreet, and the like.
- b. When the overtime in question calls for the officer to be in uniform, such overtime shall be performed by an officer within the patrol division who, in the normal course, performs their duties in uniform and is limited to the patrol division. This involves duties including and similar to road patrol, such as Speedwave, OWI saturation patrols, downtown security, and any other assignment where it is anticipated that the patrol vehicle shall be used the same as a road patrol vehicle, requiring knowledge and proficient use of the patrol vehicle and all equipment contained therein. Such overtime shall be filled via the road overtime call-in list and limited to officers in the patrol division.
- c. Specialists shall be allocated overtime within their respective specialties, and in addition, if the specialist is, in the normal course, required to maintain a uniform, such specialist shall be allowed to select overtime with patrol division officers for crowd control events, such as 4<sup>th</sup> of July, Artstreet, and the like. Where it is anticipated such use of the patrol vehicle would not be needed, shall be filled by seniority from the full specialty call in list (mix of detectives, specialist positions and patrol officers). Examples of such overtime would be crowd control, traffic control and general security where the presence of a patrol vehicle is operationally desired, but full functional operation is not required.
- d. Any overtime assignment where it is unclear what pool of officers should be utilized; such determination shall be made via mutual agreement between the City

and an Association representative.

- e. All overtime above shall begin at the station and the officers assigned shall report to the Shift Commander or briefing supervisor verifying their presence, at the end of the assignment the officer(s) must stop at the Shift Commander's office and verify they have completed their assignment. There is no change to the Packer Game Day reporting for duty and overtime procedures.
  - f. Supervisory officers shall not be qualified to work any overtime involving nonsupervisory duties.
- 6.3.3 Overtime as Duty Assignment. An overtime assignment may be cancelled by the City at any time, provided that if it is cancelled within 24-hours of the scheduled start of the assignment, the officer shall be paid minimum call-in under sec. 6.4 below, or in the case of shift overtime, payment for the entire shift. The term "cancel" shall include cutting short overtime which was planned to run for more than 3-hours.
- 6.3.4 Special Event Overtime. For special events (such as the 4<sup>th</sup> of July, and the like), because the City is at the mercy of the weather and the needs of the event sponsor, overtime may be cancelled or altered at any time prior to the scheduled commencement without relief; however, once the officer starts the assignment, if it was scheduled for more than three hours, there shall be a minimum three hours paid.
- 6.3.5 Overall hour limitation. Except as provided above, overtime shall not be allocated or assigned where it would result in an officer working more than 14¼-hours, in a combination of overtime, training, duty hours and/or shift trades in any 24-hour period. A new 24-hour period commences whenever there is a 7½-hour break in on duty time. An officer cannot be inversed into an assignment if it would result in the violation of this Article. The 14¼-hour limitation provided for in this paragraph shall be extended to allow for the duty of officers to extend their shifts upon the order of a supervisor or when addressing emergencies that may occur at the end of a shift.
- 6.3.6 Inversed Overtime Assignment. Whenever an officer is inversed to work an overtime assignment, the officer inversed shall have the right to have another officer work the overtime on the same basis as the assigned officer, provided the replacement officer is from the pool of officers that were originally considered for the overtime assignment (in essence giving it away, the one that actually works it gets paid). In the event the City determines the need for the inversed overtime assignment has ended, the officer that is working the inversed overtime assignment may voluntarily cancel or cut short the overtime assignment with notice to the supervisor. At the officer's choice inversed overtime assignments may be cancelled in accordance with provisions of this Article.
- Improper Inverse. In the event an officer is improperly inversed under any of these procedures, the officer shall receive additional pay in the amount of straight time pay for each hour worked during the improper inverse assignment. In the event an officer is notified of a cancellation of the improper inverse assignment within one hour of the notice of inverse assignment and the employee chooses to work the inverse assignment under section 6.3.6 the additional straight time pay shall not be applicable to such inversed overtime assignment. Examples of road overtime are attached as Appendix A.

6.3.7 Shift Overtime Postings and Subsequent Openings. The City shall post only for actual shift openings when posting for available shift overtime. Such postings shall be displayed for a minimum of 4-days. Any subsequent shift openings of the same overtime period(s) discovered while the posting is still active may be filled via this posting. Once such posting is taken down, any subsequent openings not involving a holdover must be filled via a telephone posting of all officers by seniority, even if the overtime period is the same as that of the previous posting.

6.4 MINIMUM CALL-IN TIME. Employees shall be compensated for a minimum of 3-hours for any call-in time worked on a scheduled work day, a day on which an officer works a full 8½-hour work day pursuant to posted shift overtime, or for a call-in while an officer is attending either a voluntary school or in-service training (an officer receiving call-in pay on a day attending school shall still be entitled to compensatory time as if no call-in occurred if the officer successfully completes the school in question, and if the school is not successfully completed, shall receive compensatory time for those hours in attendance). The department may engage police officers in police business on site during in-service training without paying call-in, provided such shall not jeopardize the officer receiving full credit for the class interrupted. Employees shall be compensated for a minimum of 6-hours for any call-in time on a day off or scheduled vacation. This call-in time shall be compensated at the base rate of pay.

6.4.1 Any officer who takes vacation or off-time coming, personal leave day or any other off-time authorized after being scheduled and notified of a required court appearance or other required non-shift departmental duties shall be compensated for a minimum of 3-hours.

6.4.2 Continuous Duty: In the event an officer is called in for more than one call in any given day, including notice of court or any other notice of time outside the regular shift, that officer shall not receive two call ins, but shall be paid continuous pay at the overtime rate of time and one-half from the beginning of the first call in to the end of the second call in; excepting that if the call ins in question are for specialized units established and existing for the purpose of being called in for special problems or occurrences, such as SWAT, K-9, accident reconstruction, the continuous duty rule shall not apply to more than one call in of such nature, but rather each call in shall be a separate call in.

6.4.3 When a trade of shifts is made between officers as authorized in section 5.2 of this Agreement, and one of the officers is subject to a call as set forth in section 6.4 of this Agreement, the officer working the day shall be subject to the 3 hour call in compensation and the officer who is off because of the trade shall be subject to the 6-hour call in compensation. It is understood that the above shall not affect the application of 6.4.1 and 6.4.2 of this Agreement.

6.4.4 Officers inversed to work overtime to satisfy safety requirements shall be paid call-in time under this section. Officers who volunteer to work such overtime shall be paid at time and one-half for the overtime actually worked.

6.4.5 Officers shall be subject to the residency requirements as outlined in Article 35, Residency, of the Agreement, for immediate need safety staffing shortage call-ins and immediate need detective call-ins.

6.4.6 Response time compensation for call-ins shall apply as outlined in Article 35, Residency, of the Agreement.

6.5 IMMEDIATE NEED CALL-IN COMPENSATION. Immediate need call-in is defined as that need not previously known or posted, where the officer is needed immediately. (Example: Immediate road staffing shortage). This does not apply to court related hearings where the officer is being called in to testify such as municipal or circuit court appearances, probation/parole hearings or Chapter 51 hearings.

6.5.1 When an officer is called-in for immediate need overtime such overtime shall commence at the station upon duty-ready status of the officer. Such officers shall report to the on-duty Shift Commander duty ready, which shall be recorded as the official start time; additional 30-minutes of overtime shall be added to that start time regardless of when the officer arrives.

6.5.2 In the event the immediate need compensation requires the officer to respond directly to a scene, the start time shall be the time the officer arrives at the scene. Such officers shall report to the on-scene supervisor which shall be recorded as the official start time. An additional 30-minutes of overtime shall be added to that start time, regardless of when the officer arrives.

6.5.3 If the overtime assigned is to fill immediate safety staffing needs the supervisor shall begin the call-in process immediately. There shall be no deliberate or unnecessary delay of filling such overtime. The officer accepting the overtime receives pay from the time of reporting duty ready to the Shift Commander plus 30-minutes. There is no compensation for the time between discovery of the shortage and the paid start time of the officer. The period of time the shift was short staffed up to the time of discovery is to be reported to the Operations Commander.

**EXAMPLE:** (Immediate action.) At 7:00p it is determined that an error was made in Telestaff, and shift is below safety staffing until 10:15p. Shift Commander immediately starts the call-in process. Officer A is called at 7:15p and accepts. Officer A arrives at 7:55p and reports to the Shift Commander duty-ready (in uniform and ready to walk out door). Officer A receives pay beginning at 7:25p (time of reporting + 30-minutes). No compensation for the time from 7:00p to 7:25p.

**EXAMPLE:** (Unnecessary delay.) At 7:00p it is determined that an error was made in Telestaff, and shift is below safety staffing until 10:15p. Shift Commander decides to wait to begin the call-in as there is no officer available to make the calls or s/he wishes to eat lunch first. An officer is available at 8:00p and call-in begins thereafter. This delay would be deemed unnecessary as the Shift Commander could have started the call-in him/herself. The time from 7:00p to 8:00p would be compensated under 5.7.2.f

**EXAMPLE:** (Shortage not discovered right away) At 10:00p it is discovered that there was a safety staffing shortage since 7:00p. The supervisor immediately begins a call-in process. Officer is called at 10:15p and accepts. Officer reports to Shift Commander at 11:00p duty ready (in uniform ready to begin). Officer receives pay beginning at 10:30p (time of reporting + 30-minutes). The time from 10:00p–10:30p is not compensated. The time from 7:00p to 10:00p shall be compensated via Article 5.7.2.f. In this situation, the supervisor notifies the Operations Commander of the details of the

7:00p–10:00p shortage. The Operations Commander shall facilitate the remedy with the GBPPA.

- 6.6 ORDERED IN VS. VOLUNTARY ACCEPTANCE. “Ordered In” is defined as a non-voluntary assignment. The officer is ordered to come in and has no choice. In this situation the officer is compensated from the time the officer was ordered in to report for duty. Minimum call-in time (3-hours/6-hours) applies to this situation.
- 6.7 COURT CANCELLATION PROCEDURE. The afternoon shift commander shall be notified of any court cancellations. It then becomes the responsibility of the officer to call the shift commander after 5:00p on the day prior to the scheduled court date as to whether or not the court appearance has been canceled.
- 6.7.1 The shift commander shall record all such calls by date and time in a log book; that is, if an officer appears at court and the case has been canceled, s/he shall receive the minimum call-in pay only if s/he had called in after 5:00p the prior day and was not notified of the cancellation. If the officer had not called in the prior day, s/he shall not receive the pay.
- 6.7.2 On those occasions when court appearances are canceled after 5:00p, the shift commander shall attempt to contact the officer with the cancellation, if the officer had already called in. If the officer is contacted 12-hours before the scheduled court appearance, the officer shall not receive call-in pay.
- 6.7.3 Court shall include any time an officer is instructed by the Chief of Police or designee or subpoenaed to appear in any Court, legal proceedings (including depositions), or before any governmental body or other person, tribunal or agency authorized by law to issue subpoenas, which appearance is related to or arises out of the officer’s scope of employment. (The City and Bargaining Unit have disagreed as to whether there was a past practice for compensating officers who are subpoenaed or instructed to appear at arbitrations or grievance proceedings dealing with the administration of this Agreement and the City had previously informed the Union of the discontinuance of this alleged past practice in a letter to the Union, dated August 27, 1986. The above language shall not apply to these situations.)
- 6.8 OVERTIME FOR GREEN BAY PACKER GAMES.
- 6.8.1 Two postings shall be placed on the bulletin board once each year by July 1. All officers interested in working Packer games or working any extra overtime beyond what would be normal for traffic or field assignments are requested to sign the respective postings. These postings shall contain the anticipated staffing needs for the games.
- 6.8.2 Officers who sign the above said posting shall be assigned to work each of the Packer games in the year in question on the basis of departmental seniority.
- 6.8.3 In the event there is an insufficient number of officers signing the posting to fill the remaining complement needed for the Packer games, officers shall be assigned by inverse seniority among those on their workdays and then by inverse seniority on off days.
- 6.8.4 In the event that any officer who has signed the above said posting to work the Packer games later decides not to work any given game, such officer shall have the right to

remove their name from the posting for any game by giving at least 10 days advance notice of such removal before the game in question.

6.8.5 Officers working overtime for Packer games shall be compensated at twice their regular rate of pay for all hours worked.

6.8.6 Use of Day Shift for Staffing Holdover on Day of Packer Games. On Packer game days, a holdover of officers to complement staffing until Packer personnel return for road duty shall be filled by seniority from a combined pool of day shift officers working that day. Such overtime shall commence at the end of the officer's normal shift. If enough officers do not volunteer, openings shall be filled by inverse seniority from this same pool. Payment shall be at double time for time worked.

6.9 STAND-BY PAY. Officers asked to be available for immediate call to duty shall receive an hourly rate of pay equal to 15% of the top patrol officers' hourly rate for every hour in which they are on stand-by. When actually called to duty, they shall be compensated according to Article 6 and/or Article 11 of this Agreement. If such standby duty is necessary in order to provide mutual assistance outside of the City limits, then the department shall select qualified officers for such duty by seniority from among those signing a posting.

6.10 ASSIGNMENTS OUT OF CITY. When an officer is assigned to perform duties out of the City which requires the officer to be out of the city overnight, in connection with their responsibilities as an officer for the Green Bay Police Department, the following shall apply. Compensation for training and/or schools shall be in accordance with Article 29.

6.10.1 The work assignment starts when the officer reports to the police department for duty assignment and ends when the officer returns to the police department. In the event an officer must travel on an off day, the City does not guarantee any number of hours. In the event an officer is required to work on a scheduled off day, the City retains the right to schedule travel time with sufficient time to reach the destination.

6.10.2 Transportation shall be provided as determined by the department.

6.10.3 If the officer is on a work day, the officer shall flex their normal work hours to accommodate travel time and work hours to the extent deemed appropriate by the department. The City may assign normal police duties on the day of travel, and require officers to work normal police duties until travel begins.

6.10.4 While on the out of city job assignment, an officer shall flex their normal work hours so as to accommodate the times that job duties are to be performed out of city (for example, if the officer works the night shift and the job assignment is to testify in court, the department shall have the option of directing the officer to start the work day at 6:00 a.m. the following day when the officer is to be in court).

6.10.5 An officer shall not be compensated in any fashion during the hours of 10:00p and 6:00a provided that the officer is not required to perform job duties during these hours. If an officer is required to perform job duties during these hours the officer shall be compensated only for the time spent performing those duties. All other hours during the out of city assignment shall be compensable as work hours, either as actual hours of work, or hours spent engaged to wait or waiting to be engaged for work.

6.10.6 Once notified of the court date, officers may not take off time on that date. See 6.4.1.

- 6.11 PAY BACK COMPENSATION. Until December 31, 2017 all accrued payback compensation shall be used by Employee prior to the last date of employment, or paid out at the time employee separates from employment. Effective January 1, 2018 payback time will not accrue in excess of 100-hours. Any hours in excess of the 100-hour maximum on January 1, 2018 will be paid out at employee's then current rate of pay. Payment will be made as soon as administratively practicable after January 1, 2018. Thereafter, hours in excess of the 100-hour maximum will be paid out as they are earned.

##### **EXAMPLES:**

- i. Night shift officer is scheduled to attend training January 4, 8:00a–4:30p. This takes the place of the officer’s shift of January 3. At 9:00p on January 2, (outside 24-hours prior to the affected shift) it is determined the officer’s absence would cause the shift of the 3<sup>rd</sup> to drop below the 2-person buffer.

The officer is to be notified they cannot attend the training, and be placed back on the officer's regular shift.

- ii. Day shift officer is scheduled to attend training January 4, 8:00a-4:30p. The officer flexes to these hours. It is determined at 6:00a that day that the 2-person buffer is not met. Upon arrival for training the officer could be required to resume normal patrol duties for the remainder of the shift.
- iii. Afternoon shift officer is scheduled to attend training January 4, 5:00a-1:30p. This takes the place of the officer's shift of January 4, 2:15p-10:45p. On January 3 at 9:00p, it is determined the 2-person buffer shall not be met due to a sick call-in and injury. This occurred inside the 24-hours, and thus the officer would still be allowed to attend the training and any shift OT would be filled.
- iv. The Shift Commander may grant exceptions on a case-by-case basis dependent on the needs of the road. It is the officer's responsibility to adhere to the 14¼ hour maximum hours.

7.4.2 SWAT team members will follow all procedures and guidelines set forth in the SWAT Policy of the Green Bay Police Department. Applicants should review the policy prior to applying.

7.4.3 Members shall be subject to the residency requirements as outlined in Article 35, Residency, of the Agreement.

- c. Officers currently holding the position of negotiator shall retain their status if desired.
- d. Crisis Negotiators shall train up to 4-hours per month. The SWAT Commander may grant exceptions on a case-by-case basis to facilitate special training needs. The compensation for this training shall be actual hours at time for time via payback for those on their off time. All training plans and schedules must be approved in advance by SWAT supervisory personnel.
- e. Crisis Negotiators may flex their workday to attend training in accordance with 7.21.
- f. Negotiators shall be trained in Command Post Bus and CAD operation.
- f. Crisis Negotiators shall be provided with clothing identifying them as a Negotiator for use during official call-outs and as requested by SWAT Command staff. This item shall be determined by the SWAT Commander and replaced as necessary.

**ARTICLE 39  
DRUG TESTING**

- 39.1 PURPOSE. The purpose of this policy is to provide all sworn employees with notice of the provisions of the department drug-testing program.
- 39.2 DISCUSSION. It is the policy of this department that the critical mission of law enforcement justifies maintenance of a drug-free work environment through the use of a reasonable employee drug-testing program. The law enforcement profession has several uniquely compelling interests that justify the use of employee drug testing. The public has a right to expect that those who are sworn to protect them are, at all times, both physically and mentally prepared to assume these duties. There is sufficient evidence to conclude that the use of controlled substances and other forms of drug abuse shall seriously impair an

employee's physical and mental health, and thus job performance. Where law enforcement officers participate in illegal drug use and drug activity, the integrity of the law enforcement profession and public confidence in that integrity are destroyed. This confidence is further eroded by the potential for corruption created by drug use. Therefore, in order to ensure the integrity of the department and to preserve public trust and confidence in a fit and drug-free law enforcement profession, this department shall implement a drug testing program to detect prohibited drug use by sworn employees.

### 39.3 DEFINITIONS.

39.3.1 Sworn Employee - Those employees who have been formally vested with full law enforcement powers and authority.

39.3.2 Supervisor - Those sworn employees assigned to a position having day-to-day responsibility for supervising subordinates, or are responsible for commanding a work element.

39.3.3 Drug Test - The compulsory production and submission of urine by an employee, in accordance with departmental procedures, for chemical analysis to detect prohibited drug usage.

39.3.4 Reasonable Suspicion - Reasonable suspicion is the quantum of knowledge sufficient to induce an ordinary prudent and cautious person to believe that an individual is using or under the influence of drugs or other controlled substances.

39.3.5 Probationary Employee - For the purposes of this policy only, a probationary employee shall be considered to be any person who is conditionally employed with the department as a law enforcement officer.

- (a) No employee shall illegally possess any controlled substance.
- (b) No employee shall ingest any controlled or other dangerous substance, unless as prescribed by a licensed medical practitioner.
- (c) Any employee who unintentionally ingests, or is made to ingest, a controlled substance shall immediately report the incident to their supervisor so that appropriate medical steps may be taken to ensure the officer's health and safety.

Additionally, the subject of any employee's use of any addictive substances shall not be referred to or considered as being in any way relevant in any consideration or procedure for discipline or promotion in the police department.
  - (ii) As long as the employee seeks treatment prior to notification of a test, an employee's use of any substances covered by this drug policy shall not be the grounds or the subject matter for any discipline of any employee whatsoever if knowledge of such use was substantially gained by the City because of the employee's seeking or receiving treatment for such use.
- (b) A supervisor may order an employee to take a drug test upon documented reasonable suspicion that the employee is or has been using drugs. A summary of the facts supporting the order shall be made available to the employee prior to the actual test.

- (f) Any officer, who, in the carrying on of their police duties, ingests, either directly or indirectly, any drug or narcotic substance, is required to document, as soon as possible thereafter, such contact. Documentation should occur in writing explaining all circumstances, and the employee's supervisor should be notified as soon as possible. Drug tests shall be administered and no disciplinary action shall be taken if the tests are positive under the following conditions.
  - (i) The officer was in physical danger if he did not ingest the drug or narcotic substance.
  - (ii) Nothing in this policy shall be construed as granting permission for police officers and/or narcotics agents to ingest any illegal drug, marijuana, narcotic substance, or controlled substance under any circumstance except as cited in (f)(i).
- (g) Beginning after ratification of a 1992 Agreement, the department shall randomly test up to 10% of the bargaining unit. Such test shall occur once per year per shift with no announcement of time or date. The method for random selection shall be such that each member of the bargaining unit has an equal chance of being selected.

The employee shall be permitted not more than eight hours to give a sample; during which he shall remain in the testing area. Reasonable amounts of water may be given to the employee to encourage urination. Failure to submit a sample shall be considered a refusal to submit to a drug test.
- (f) Employee shall have the right to request that their sample be split and stored in case of legal disputes. The urine samples must be provided at the same time, and marked and placed in identical specimen containers by authorized testing personnel. One sample shall be submitted for immediate drug testing. This sample shall be made available to the employee or their attorney should the original sample result in a legal dispute or the chain of custody is broken.
- (g) Specimen samples shall be sealed in the presence of the participants, labeled, and checked against the identity of the employee to ensure the results match the tested specimen. All collections are handled forensically, which means they are labeled, double-sealed, double-checked for accuracy and completeness, stored in a secure, locked refrigerator until testing, and accompanied by a forensic chain-of-custody.

(b) Where a positive result is confirmed, urine specimens shall be maintained in secured, refrigerated storage for one year.

#### 39.4.8 Drug Test Results.

- (a) All records pertaining to department-required drug tests shall remain confidential, and shall not be provided to other employers or agencies without the written permission of the person whose records are sought.
- (b) Drug test results and records shall be retained in the employee's personnel file for an indefinite period.

### 39.5 ACTIONS TAKEN/POSITIVE RESULTS.

39.5.1 If an officer tests positive and the tests identify cocaine, heroin, amphetamines, barbiturates, or any other major drug of abuse or illegal drug, the officer's employment shall be terminated. If the test is determined to be inconclusive, then the City shall not have just cause for termination.

- (a) The exception shall be forced use as defined in Section 39.04 (4) (f) 1.

39.5.2 An officer who tests positive for marijuana shall be subjected to discipline and referred to the Employee Assistance Program.

- (a) The officer shall be subject to mandatory random testing for a period of two years.
- (b) The Employee Assistance Program shall not be a substitute for disciplinary action if other rules and regulations have been violated or crimes committed.
- (c) A second positive test for marijuana shall be grounds for termination.

39.5.3 A positive test shall be defined as a confirmation test which establishes conclusively that the officer has ingested one of the drugs in question.

39.6 REFUSAL TO SUBMIT. Officers who refuse to submit to a required drug test under this policy shall be terminated from employment as a police officer.

## **ARTICLE 40 UNIT DUTIES**

40.1 UNIT JOB DUTIES. Non-supervisory job duties shall be assigned only to members of the Bargaining Unit. Ranks excluded from the Bargaining Unit are so excluded because the primary nature of their positions is to supervise personnel of the department, and accordingly they shall not be assigned to perform non-supervisory duties as part of their normal and usual job duties; provided that this restriction shall in no way restrict such personnel in taking any and all police action, or performing police duties and functions in relation to situations, events or circumstances encountered or observed by such officers in the course of the performance of their supervisory duties (for example, a supervisor would not work radar or patrol for traffic violators, but would be expected to apprehend or arrest traffic violators who are observed by the supervisor while performing the duties of supervision of personnel).

The City and GBPPA recognize that situations may occur where it is necessary that a supervisor become involved in an incident in a manner which may be considered outside of supervisory duties. The City, however, recognizes and agrees that the primary responsibility of a supervisor is to supervise officers in their work. The labor agreement provides for the situation where an obvious emergency need exists.

In addition to the emergency exception, the GBPPA agrees that it shall not grieve incidents of

supervisors taking de minimus (minor, inconsequential, minimal) police action such as being approached by a citizen with a complaint (i.e. parking complaint, dispersal of loitering parties, etc.) which shall involve little time and keeps the supervisor in their primary duties of supervising the employee. However, if the incident becomes more involved than initially determined, then a unit shall be dispatched to the incident to take over the call. Situations must be weighed with efficiency and public service in mind, with constant re-evaluation of the situation in order to regain the functioning capacity of a supervisor.

- This restriction shall in no way restrict such personnel (supervisor) in taking any and all police action, or performing police duties and functions in relation to situations, events or circumstances encountered or observed by a supervisor in the course of the performance of their supervisory duties.
- A supervisor would not work an OWI from beginning to end, but would be expected to apprehend or arrest a traffic violator who is observed by the supervisor while performing the duty of supervising personnel.
- A supervisor would be expected to take de minimus police action related to a situation that arises in front of them and requires immediate police action and then turn this incident over to patrol units when/if further action is necessary (i.e. report is needed).
- The issues of unforeseen, emergent/emergency and or immediate need for police action allow for the supervisor to take action and once that initial action is taken to address these issues, patrol units, if not already on scene, shall be dispatched to take over the call and the supervisor shall return to their supervising capacity.
- The concepts of public service, efficiency, and unit duties are satisfied by: 1) the supervisor unit taking action in the unforeseen, emergent or need for immediate police action situations, 2) the patrol unit taking over the situation and performing the job functions of a patrol unit, and 3) the supervisor returning to their primary supervisory function.

Should a concern arise as to whether any action by a supervisor is not of a de minimus nature, or did not arise out of an emergent situation requiring immediate police action, the GBPPA agrees to first bring the concern to the attention of a ranking supervisor, Commander or above, as soon as possible after the concern arises. The City and the GBPPA agree to waive the contractual timelines regarding the filing of any grievance until the City and GBPPA have the opportunity to investigate and discuss the matter.

The Supervisory Unit shall perform Voice Stress Analyzer tests for internal affairs purposes, background checks, and other issues requiring a supervisory employee to perform such tests; Unit members shall perform all criminal investigation tests unless a supervisory employee is required or a qualified unit member is not available and a qualified supervisory employee is, and there is an immediate need to take the test for use in an interrogation then taking place.

- 40.2 COMMUNITY SERVICE INTERNS (CSI). The duties of the CSI shall be assigned at the direction of the City. CSI's shall also perform the following duties which by this agreement may encroach on the duties regularly and customarily performed by members of the GBPPA. CSI's shall provide neighborhood based public service such as directing residents to proper resources, educating individuals and groups on various neighborhood problems and issues, quality of neighborhood and life issues, and provide other community based service support to the

residents as directed by the City.

In addition, CSI's shall provide support to the Department, assisting in some duties historically performed by GBPPA members. CSI's shall work with sworn personnel in various divisions within the department under the general supervision of the Department CSI supervisor. CSI's shall complete minor complaint reports similar to those taken over the phone by front desk personnel, and perform follow-up work on reports generated from citizen on-line incident reports. CSI's shall provide assistance in areas such as answering telephone calls, assisting citizens who come to the station for assistance, filing paperwork, and other similar de minimis activities.

CSI'S shall provide support to the patrol function in areas such as assisting with traffic control, (i.e. providing traffic direction, disabled vehicles, traffic hazards), crossing guard duty, animal complaints, lost and found, and other similar de minimis activities.

As this CSI support concept progresses, any changes that may infringe on work duties of the GBPPA shall be discussed. If the GBPPA feels any duties assigned to CSI's which encroach on officers duties do not fall within this agreement, the GBPPA and the City shall open discussions to resolve the matter. If the matter is unable to be resolved, the GBPPA retains the rights to grieve the matter as defined in Article 3 of this Agreement. CSI's shall not be used to replace or supplant sworn officers at any special event overtime or other overtime opportunities that are normally and customarily worked by sworn officers of the Department.

**IN WITNESS WHEREOF**, the parties hereto have signed this Agreement as ratified by the Police Unit on June 16, 2016 and approved by the City Council on June 21, 2016.

## APPENDIX A

### INVERSED ROAD OVERTIME EXAMPLES

**INVERSE SITUATIONS:**

- Road overtime known outside of 2-hours of need and unable to fill.
- Road overtime first known inside of 2 hours for next shift (aka: holdover for safety staffing).
- Road overtime – odd times not abutting a shift.
- Special event / non-road overtime.
- NOTE: 14¼ hour limitation applies to all inverse situations.

**INVERSED ROAD OVERTIME KNOWN OUTSIDE OF 2 HOURS OF NEED:**

- Posting that was unable to be voluntarily filled.
- Call-in that no officer voluntarily accepted.

Approx. Time Key That Abuts A Shift	Filled By
6:15a - 7:30a	No safety staffing during these hours
7:30a - 11:00a	JR night shift outgoing not on their Friday, given OT from 6:45a – all must understand increase of hours
11:00a - 2:15p	JR afternoon shift oncoming
2:15p - 7:00p	JR of day shift outgoing and evening shift oncoming
4:00p - 7:00p	JR of day shift outgoing and evening shift oncoming
7:00p - 10:15p	JR night shift oncoming
10:45p - 3:30a	JR afternoon shift outgoing
3:30a - 6:15a	JR of evening shift not on their Friday outgoing and EARLY day shift oncoming

INVERSED ROAD OVERTIME FIRST KNOWN INSIDE OF 2 HOURS OF NEED FOR NEXT SHIFT (AKA: Holdover for safety staffing). Late sick call in most common.

Time Needed	Filled By
6:45a	JR night shift outgoing not on their Friday, given OT from 6:45a
2:15p	JR day shift outgoing
4:00p	JR day shift outgoing
10:45p	JR afternoon shift outgoing
3:30a	JR evening shift outgoing not on their Friday

**INVERSED ROAD OVERTIME ODD SLOT THAT DOES NOT ABUT A SHIFT**

INVERSED NON-ROAD OVERTIME (Special Event, special duties overtime). If necessary to fill this type of overtime, shall need to resort to contractual language of determining “junior officer on their workday” within their workweek.

1. Determining what is a workday within a workweek.

- Day: 12:00a first day back through 11:59p last work day
- Midday: 12:00a first day back through 11:59p last work day
- Afternoon: 12:00a first day back through 11:59p last work day
- Evening: 12:00a first day back through 11:59p during their last shift even though they work beyond to 3:30a (last 3½ hours of work is on their off day)
- Night: 12:00a the morning of first day back through 11:59p during their last shift even

though they work beyond to 6:45a (last 6¾ hours of work is on their off day)

2. What is the actual calendar date of the individual overtime slot (not the roster date you are filling)? That is the date used to determine the pool of officers to choose from.
3. The junior officer on their workday is inversed.
4. Should no officer on a workday be eligible, then it falls to junior officer on their day off in order of the following pools;
  - a. Officers on regularly scheduled days off with no time off taken on either end.
  - b. Officers on regularly scheduled days off or on off time not associated with one of the three yearly vacation picks.
  - c. Officers on time off associated with one of the three yearly vacation picks including regularly scheduled days off adjacent to that time off.

#### **DEVIATIONS OF OFFICERS NORMAL WORK SCHEDULE AND APPLICABILITY**

- PARTIAL DAY OFF TAKEN (including partial trade off): are still eligible to be inversed so long as the time to be filled is connected to the officer still being on duty. Officer working partial trade cannot be inversed.
- WORKING PARTIAL TRADE ON A DAY OFF: are still on their day off and not eligible to be inversed.
- FULL TRADE ON A DAY OFF: are considered on a workday.
- FULL SHIFT OF OVERTIME ON A DAY OFF: are considered on a workday.
- PARTIAL SHIFT OF OVERTIME ON A DAY OFF: are still on their day off and not eligible to be inversed.
- WORKING NON-ROAD OT: not eligible to be inversed and not in the “holdover” voluntary pool.

#### **INVERSING PROTOCOL SCENARIOS 4-7-10**

Time needed: 7:30a – 11:00a: Day shifter calls in at 5:00a shorting the shift. Need an officer at 7:30a. Full call in must be done as time needed is outside the 2-hour mark. No takers. Inverse junior night shift officer outgoing not on their regular Friday and works from 6:45pm.

Same time slot needed but was a posting that no one took. Go directly to junior night shift outgoing and works from 6:45a.

Time needed: 11:00a – 2:15p: Call in was done for the time slot and there were no takers. Junior afternoon shift officer oncoming gets inversed.

Time needed: 3:30a – 6:15a: Posting came down/call in done and no takers. Junior officer from evening shift outgoing not on their regular Friday, and day shift oncoming is inversed.

Same time needed, but shortage was due to a night shifter going home sick at 2:00a. This is within the 2-hour mark and junior evening shifter not on their regular Friday is inversed.

Time needed: 6:00p – 7:00p: This abuts the evening shift. Call in/posting was done and no takers. Junior evening shifter oncoming is inversed.

Time needed: 11:00a – 1:00p: Officer takes the time off sick for a Dr. appointment and it creates a shortage. A call in/posting is done and no takers. An officer is on OT on their day off until 11:00a but declines the OT but happens to be junior. Cannot inverse the officer on OT as it is still considered a day off. Neither time needed abuts a shift. You would need to determine the junior officer on their workday and inverse.

Time needed: 5:00a: Officer on night shift goes home sick and creates an immediate shortage. 5.7.2.c kicks in as it is within 3-hours of the end of the shift. Filled by a call in of the day shift. If no takers, junior officer is inversed.

## **APPENDIX B**

### **PHYSICAL FITNESS INCENTIVE PROGRAM**

1. Effective for the 2018 calendar year and each year thereafter, police officers will be eligible for an annual physical fitness incentive of up to \$500 annually by successful completion of a City designed physical fitness course (PFC) in effect as of the ratification of this Agreement. The initial design of the course will be the entry level officer fitness course test. Scheduling of the PFC, makeup and/or PFC retest will be determined by the Chief of Police or designee.
2. A police officer who successfully completes the PFC with a passing time will receive an incentive payment of \$500.
3. If an officer does not pass the PFC on their first attempt they have the following options:
  - a. An officer completing the course but not passing may receive \$100 for completion of the course, or;
  - b. that officer may request a re-test, in writing, within 30 calendar days to the Chief of Police or designee. The officer will be allowed to retake the PFC at the next available makeup date. If an officer passes the PFC on their second attempt they will receive an incentive payment of \$250 in that calendar year.
4. All payments are subject to appropriate tax deductions and will be WRS eligible.
5. An officer who is incapacitated during the PFC test may test at an alternate time established by the City. In the event an officer has a medical restriction preventing participation in a particular portion of the PFC, the City will establish an alternate testing procedure.
6. A PFC design committee consisting of 2-representatives selected by the GBPPA, 2-managerial police officers and 1 representative from Human Resources will assist the Chief of Police or designee in developing the physical fitness course. Outside experts such as trainers, physical therapists, or other appropriate personnel may be brought in by the PFC design committee to provide advice and guidance in designing the course.
