**INVEST IN GREEN BAY'S
GREATEST COMEBACK -
90 YEARS IN THE MAKING.**

**THIS
TRIUMPHANT
RETURN**

is for the kids who've never anchored their kickstands in sand,
the fish and fowl that fled, the moms and dads in cars seeking peace up north instead,
and all the Midwest shorelines with superiority complexes.

BAY BEACH IS BACK

Persistent planning has given us the unique opportunity to realize our grand vision of bringing back the beach without utilizing any tax payer funding.

But we still need your help.

BAY BEACH

It has been a privilege and an honor to be involved with this project. Bringing back the beach is a wonderful opportunity to connect visitors and the community to one of the City's most important assets.

- Mayor Jim Schmitt
