Submit by:

November 15th, 2019.

Applicants will be selected based on merit of proposed project and availability of open display pads.

WHAT IS THE GREEN BAY PUBLIC ARTS COMMISSION?

The Green Bay Public Arts Commission's (GBPAC) mission is to promote the arts, culture, and creative identity of Green Bay through awareness efforts, provisions and exhibitions. The GBPAC exists to fund artistic activities and support cultural programs that integrate and advance arts and culture as an essential part of life in Green Bay. The GBPAC is a five member commission appointed by the Mayor to advise the City about matters of arts and culture.

WHAT IS THE ROTATING ART PROGRAM?

The Rotating Art Program was created in order to beautify our community, promote our cultural identity and to encourage artistic engagement. The Green Bay Public Arts Commission (GBPAC) invites artists to offer their creative talents to the City of Green Bay. The Rotating Art Program (RAP) is an opportunity for temporary works of art to sprout up throughout the community. Six concrete pads have been installed throughout the city to serve as platforms for temporarily installed sculptures. Accepted artists will be given a stipend of \$1,500 to help facilitate the installation and deaccession of the work. The art will be on display for one year. During the eighth month of the display period the sculptures will have the option of being put up for sale at an 8% commission fee to the GBPAC.

The objectives of the Rotating Art Program include broadening the role of the artists in the community by:

- Developing public artworks that have strong aesthetic quality, represent diverse communities, and a wide range of artistic styles and disciplines.
- Encouraging collaboration among artists, architects, engineers and others.
- Encouraging public dialogue on understanding works of art, issues raised by public art, and the various roles artists can undertake.
- Providing opportunities for artists to advance their art forms.
- Dispersing temporary public art throughout Green Bay to build a voice for the creative community within the city.
