Re: Employee Benefits Corporation (EBC)

As you know, we had to make the decision to move to EBC, effective 01/01/2021. I understand the frustration of two transitions in such a short period of time. Please know, we did not take this decision lightly. We anticipate a much better fit once the transition to EBC is complete.

I have enclosed 2021 EBC recurring forms for you to fill out. I understand you rushed to get your recurring forms to TASC, so your January 2021 would be on time, so I apologize for this inconvenience. I did try to pre-fill some of the information for you.

Once your recurring forms have been filled out, you will also need to include the supporting documentation to that form. For example, your insurance statement being billed to you showing the monthly premium dollar amount or the most updated Social Security letter with your monthly dollar amount for Medicare Part B.

You will want to submit your forms/supporting documentation as soon as you can. You will send your forms directly to me, as EBC will not fully have you in their system. TASC will also need to send your balances to EBC, they anticipate your accounts to be fully in use by 01/15/2021. This also means your January reimbursements will not come until mid to end of January.

If you are on the City of Green Bay health or dental insurance, I realize I have always supplied that information to our vendors. EBC spoke to their compliance department and they will need you to fill out the claim form on these going forward. For your convenience I did include the rates of the retiree insurance on the back. I will have the supporting documentation to send, so no worries on that.

If you have more than one recurring reimbursement, please fill in each individual premium amount, below my prefilled section. If you do not want recurring and want to submit your premiums monthly, you will want to make sure you cross out "recurring".

Thank you for your understanding and patience, while we work through this process!
